INCIDENT MANAGEMENT SITUATION REPORT THURSDAY, OCTOBER 5, 1995 - 0530 MDT NATIONAL PREPAREDNESS LEVEL I

Current Situation: Initial attack and large fire activity continued in northern California. Three airtankers were mobilized through NICC to northern California. Two MAFFS Units were activated by the State of California yesterday. The remainder of the U.S. continued to experience minimal activity. Miscellaneous overhead are being mobilized to the Southern Area in support of Hurricane Opal. The Southern Area has their Type I and Type II Incident Management Teams staged in Atlanta for deployment in support of Hurricane Opal. The National Park Service has two All Risk Teams on standby to respond to Parks in need of assistance.

North Zone California Large Fires:

MT. VISION, Marin County, California State. A State Type I Incident Management Team (Tarp) is assigned. This fire was started by an unattended campfire. 48 structures have been confirmed destroyed and approximately a dozen more damaged. Control efforts are being hampered by heavy timber, large dead and down fuel and strong gusty winds over the past 36 hours. The strong winds have died down but humidities still remain in the teens.

GUNTLEY, Mendocino Ranger Unit, California State. A State Type I Incident Management Team has been ordered. The fire is burning in grass and brush near Potter Valley.

INCIDENT	UNIT ST	SIZE %	EST	TOTAL	CRW	ENG	HELI	STRUC	EST	EST	
NAME		CTN	CTN	PERS				LOST	LOSS	COST	
MT. VISION	MRN CA	8,000 20	UNK	1,159	37	108	1	48	UNK	UNK	
GUNTLY	MEU CA	1,000 0	UNK	UNK	7	25	2	UNK	UNK	UNK	

Hurricane Marilyn Support:

A NPS All Risk Management Team (Wissinger) continues to assist in the repair of Park facilities and housing. The replacement Team (Panko) arrived in San Juan and is transitioning with Wissingers Team.

Southcentral Alaska Flood Response:

A Type I Incident Management Team (Liebersbach) in Anchorage, a Type II Incident Management Team (Wilcock) in Soldotna and a Type II Incident Management Team (Dube) in Seward are assigned to the State of Alaska to assist in damage assessment and relief activities. No information received.

OUTLOOK: *** A FIRE WEATHER WATCH IS POSTED FOR THE COAST RANGES OF CENTRAL CALIFORNIA AND PARTS OF WESTERN ARIZONA FOR GUSTY WINDS AND LOW RELATIVE HUMIDITIES ***

A cool high pressure system will continue over the Pacific Northwest, Great Basin and the Northern Rockies. Easterly pressure gradients and northeast winds over California will weaken slowly over portions of the state, but begin to increase in the south today. High temperatures will range from the 40's to the 50's in the Northern Rockies, the 50's through the 70's in the Pacific Northwest and Great Basin. California and the desert Southwest will have highs in the 70's up to 110 degrees. Fire activity is expected to increase in California.
