INCIDENT MANAGEMENT SITUATION REPORT FRIDAY JANUARY 5, 1996 - 0830 MST NATIONAL PREPAREDNESS LEVEL I

Current Situation: No fires reported to NICC this week.

OUTLOOK: An upper level trough will deepen over the south central US this weekend before moving east on Monday. This will bring cold temperatures with a chance of rain or snow through Sunday. Dry and cool weather expected after the trough passes, with high's in the 30's in the north and 50's in the south. An upper level ridge will build eastward across California with high pressure centered over southern California by Monday. The next week upper level trough is expected by midweek. Locally gusty northwest winds today. Mostly dry through next week. Temperatures are expected to be in the 60's and 70's. Minimal fire activity expected.

FIRES: From 01/01 through 01/04
