INCIDENT MANAGEMENT SITUATION REPORT TUESDAY, JULY 30, 1996 - 0530 MDT NATIONAL PREPAREDNESS LEVEL III

*** SAFETY COMES FIRST ON EVERY FIRE, EVERY TIME ***

CURRENT SITUATION: Widespread precipitation throughout the West helped slow large fire spread. Initial attack forces continue to fight lightning sparked fires across the western United States. Resources mobilized through NICC were moderate.

Northwest Large Fires:

LITTLE CABIN, Ochoco NF. This human-caused fire is burning on the Crooked River National Grasslands 9 miles southwest of Madras, OR. The fire burned actively into the night. Approximately 40 residences were evacuated last night in the Forest Park area near Grandview. Structure protection engines are in place.

JEFFERSON, Deschutes NF. A Type I Incident Management Team (Porter) is assigned. The fire is being suppressed under Unified Command with the Warm Springs Agency, BIA. This fire is 18 miles north of Sisters, OR. The fire received precipitation yesterday. Bucket work on islands of unburned fuel and aggressive mop-up were objectives that were met yesterday.

One fire is in a confinement suppression strategy totalling 250 acres

Eastern Great Basin Large Fires:

SNOWBANK, Boise NF. A Type II Incident Management Team (Vorce) is committed. Fire is located 9 miles southwest of Cascade, Id. Burnout operations were used on the south flank yesterday.

HENS PEAK, Fishlake NF. This fire is 11 miles northeast of Loa, Ut. No problems are anticipated.

Three fires are in a confinement suppression strategy totalling 3,214 acres.

Southwest Large Fires: Two fires are in a confinement suppression strategy totalling 19,736 acres.

Alaska Large Fires: Thirty fires are in a non-suppression status totalling 472,348 acres.

OUTLOOK:

*** A FIRE WEATHER WATCH IS POSTED IN NORTHWEST MONTANA FOR DRY LIGHTNING ***

An upper level ridge is over the western United States. An upper level disturbance moving through northwest Montana will bring widely scattered dry thunderstorms. Isolated to widely scattered thunderstorms are forecast for Oregon, Idaho, Nevada, Utah and along the Sierras. Arizona, New Mexico, Colorado and Wyoming will have scattered thunderstorms. High temperatures will range from the 60's and 70's along the coast to near 112 in the desert Southwest with most other areas in the 80's and 90's. Increased fire activity is anticipated in northwest Montana due to forecasted dry lightning. Moderate activity is expected for the remainder of the West.
