# INCIDENT MANAGEMENT SITUATION REPORT 

SUNDAY, AUGUST 4, 1996 - 0900 MDT
NATIONAL PREPAREDNESS LEVEL III

## *** SAFETY COMES FIRST ON EVERY FIRE, EVERY TIME ***

CURRENT SITUATION: Fire activity increased in the Eastern Great Basin, Rocky Mountain and Northern Rockies Areas yesterday. A Type I Incident Management Team and an Area Command Team has been ordered for the Eastern Great Basin. Mobilization through NICC remained steady.

Eastern Great Basin Large Fires:
An Area Command Team (Caplinger) has been ordered for Utah.
LEMINGTON COMPLEX, Richfield District, BLM. A Type I Incident Management Team (Richer) has been assigned. This complex is approximately 3 miles north of Lemington, UT. Interstate 15 and other roads have been closed due to smoke and extreme fire behavior.

NORTH STANBURY COMPLEX, Salt Lake District, BLM. A Type II Incident Management Team (Casey) is committed. The complex consists of the LIME and TIMPIE fires which are burning 12 miles northwest of Grantsville, UT. No new information available.

HONEY BOY, Cedar City District, BLM. A Type II Incident Management Team (Martin) is assigned. Air support was limited by strong winds. Extreme fire behavior and steep terrain are hampering control efforts. Mines, cabins, and electrical sites are currently threatened.

ADELAIDE COMPLEX, Fishlake NF. A Type II Incident Management Team (Shive) is assigned. This fire is burning in oak brush 5 miles south of Oak City, UT. The complex consists of the ADALAIDE, DOG MOUNTAIN, EAST SAGE, and CHAMPLIN fires. Thunderstorms in the area hindered suppression efforts.

SILVER CREEK, Utah State. This fire is located 4 miles southwest of Wanship, UT. No other information available.

CAMP FLOYD, Utah State. This fire is located 3 miles southwest of Fairfield, UT. All containment lines held yesterday, despite 40 MPH winds. Current threats include a National Historical Site, wheat fields and powerlines.

LYNN, Sawtooth NF. This fire is burning 102 miles northwest of Ogden, UT. Cooler weather aided firefighters in suppression efforts yesterday.

PILOT, Salt Lake District, BLM. This fire is located 36 miles north of Wendover, UT. Extreme fire behavior and strong winds have created control problems. Range lands, wildlife habitat and structures are threatened.

Three fires are in a confinement suppression strategy totalling 3,214 acres.

Southern California Large Fires:
SCOTT, Amador-El Dorado Ranger Unit, California State. This arson fire is burning along Highway 16 near Rancho Murietta, 15 miles southeast of Sacramento, CA. The fire was fully contained yesterday, 8/3.

STUMPFIELD, Madera-Mariposa Ranger Unit, California State. This fire is burning 2 miles southeast of Mariposa, CA. Unburned fuels within indirect firelines continue to be a problem. Six structures were confirmed lost.

BOREL, Sequoia NF. A Type I Incident Management Team (Dague) is assigned. The fire is located 4 miles south of Lake Isabella. The fire was contained yesterday. Heavy demobilization will begin today.

CASTLE COMPLEX, Sequoia Kings Canyon NP. This complex consists of the CASTLE and HOSPITAL 2 fires. The Castle fire continues to be monitored as it advances toward natural barriers. Containment percentages increased as the fire continued to burn into natural barriers and constructed fireline.

Northern California Large Fires:
CAVEDALE, Sonoma Ranger Unit, California State. This fire is located 5 miles north of Sonoma, CA. Crews were successful in meeting containment objectives yesterday. California Division of Forestry will turn the fire over to the local Ranger Unit today. Fire activity was minimal yesterday. Demobilization is in progress.

Western Basin Large Fires:

DIVISION, Elko District, BLM. A Type II Incident Management Team (Vorce) is assigned. This fire is located 55 miles northeast of Wells, NV. Fire is burning in pinyon-juniper, sage and grass fuel types. Inaccessible terrain, heavy fuels, and winds have caused control problems. Current threats include watershed, structures and wildlife habitat.

Rocky Mountain Large Fires:
WEST PASS, Big Horn NF. A Type II Incident Management Team (Hart) is assigned. The fire is burning in heavy spruce and fir approximately 30 miles northwest of Sheridan, WY. Heavy fuels, steep terrain and inaccessibility are creating control problems. Current threats include private land and one structure.

BEAR CANYON, Grand Junction District, BLM. This fire is burning in timber approximately 25 miles northeast of Grand Junction, co. Steep terrain and high winds have hampered suppression efforts. Current threats continue to private land and commercial timber. Containment is expected this morning.

PYRAMID, Rawlins District, BLM. This fire is burning in steep, rocky terrain approximately 50 miles southwest of Casper, WY. Control efforts are hampered by steep slopes and unstable weather conditions. Current threats are to structures on the east and southeast sides of the fire.

GEARY DOME, Casper District, BLM. This lightning caused fire has burned 3,000 acres on BLM land and 19,400 acres on state and private lands. Increased acreage yesterday was due to 60 mph winds. Current threats are to approximately 300 homes in the town of Rolling Hills, an open pit coal mine, gas plants and rural residents and ranches.

ADAM, Craig District, BLM. This fire is burning in mixed sage and pinion approximately 25 miles south of Craig, CO. Control efforts were challenged due to extreme fire behavior due to high winds and dry fuels. Current threats are to private land and one structure. No problems are anticipated.

O'PINION, Craig District, BLM. A Type II Incident Management Team (Krugman) has been assigned. This lightning caused fire is burning in pinion/juniper, sagebrush, grass and bitterbrush approximately 45 miles southwest of Craig, co. Control efforts have been hindered by extreme fire behavior and rapid rates of spread. Threats include outbuildings, sheep hearder camp, haystack and other ranching equipment.

THREE SPRINGS 2, Craig District, BLM. This fire is burning actively in sage and grass approximately 40 miles northwest of Rifle, co. The fire increased in size yesterday due to dry fuels, and extreme fire behavior. Current threats include private land and one residence. Anticipate no further problems.

Northwest Large Fires:
OXBOW, Vale District BLM. This fire is burning southwest of Copperfield, OR along the Snake River. No structures are threatened.

MORGAN CREEK, Vale District BLM. The fire is burning in light fuels 25 miles southeast of Baker City, OR. Wildlife habitat and commercial timber are currently threatened. Containment is expected tonight.

One fire is in a confinement suppression strategy totalling 740 acres.

Northern Rockies Large Fires:
TULLOCK CREEK, Crow Agency, BIA. This fire is located on Crow Agency land southeast of Billings. High winds are hampering control efforts. Estimated containment date was changed due to a 50 acre escape yesterday.

TIMBERMAN, Central Land Office, Montana State. This lightning caused fire is burning north of Helena. Containment problems are being experienced on the south end of the fire.

BUFFALO, Miles City District, BLM. This lightning ignited fire is located approximately 45 miles southeast of Miles City, MT. Rugged terrain, strong winds, and low humidity are hampering fire control efforts. No structures are being threatened at this time.

PINE GROVE, Miles City District, BLM. This fire is burning in timber approximately 100 miles northwest of Miles City, MT. No structures are threatened.

HAMPTON BUTTE, Miles City District, BLM. This fire is located approximately 90 miles south of Miles City, MT. Fire is burning on rolling prairie lands consisting of grassland, and shrubs with scattered pine trees. Warm temperatures, low humidity, and high winds are a concern.

CRAIGMONT COMPLEX, Idaho State. This fire is located south of Grangeville, ID. Structures and vehicles remain threatened. No further
information reported.

Southwest Large Fires: Two fires are in a confinement suppression strategy totalling 8,703 acres.

Alaska Large Fires: Twenty-four fires are in a non-suppression status totalling 458,305 acres.

OUTLOOK:
A strong upper trough will dominate the weather for the Western United States on Sunday. This will result in a cool and stable airmass with breezy conditions for Northern Great Basin, Northern Rockies and Pacific Northwest. A cold front will extend from Eastern Colorado to Southern Utah to Central California. Conditions south of this front will be warm, dry and windy. A few showers are possible in the Northern Rockies. Monsoon moisture will be restricted to Eastern New Mexico. High temperatures will range from the 60's and 70's in the Pacific Northwest and Northern Rockies, to the $80^{\prime}$ s and 90's from California to Colorado and up to 105 in the desert Southwest.
