```
INCIDENT MANAGEMENT SITUATION REPORT
    WEDNESDAY, JULY 23, 1997 - 0530 MDT
        NATIONAL PREPAREDNESS LEVEL II
```

CURRENT SITUATION: Initial attack and large fire activity increased in the Alaska and Northwest Areas. Alaska mobilized a Type II Incident Management Team to the Oskawalik fire. NICC processed resource orders for a Type II Incident Management Team, smokejumpers and miscellaneous overhead for Alaska. Fire danger remains high to extreme for numerous units in the western Geographic Areas and New Jersey.

ALASKA LARGE FIRES:
INOWAK, Southwest Area Forestry, Alaska State. A Type II Incident Management Team (Ketcher) transitioned with another Type II Incident Management Team (Dube) yesterday. Fire activity increased along the southwest perimeter. Red Devil, Sleetmute, and Stony River all received light precipitation, but fuels remain dry. Structure protection continues around native allotments at the George River. The Team will also assume responsibility of the Devil fire, 3 miles south of Red Devil, AK. Firefighters made good progress on the Devil fire and it is $70 \%$ contained.

OSKAWALIK, Southwest Area Forestry, Alaska State. A Type II Incident Management Team (Wehking) is assigned. The fire is burning in tundra and spruce 30 miles southwest of Red Devil, AK. The perimeter was extremely active yesterday. The Kuskokwim and Oskawalik rivers provide natural boundaries on the western and northern perimeters.

CHINIKLIK MOUNTAIN, Southwest Area Forestry, Alaska State. This fire is in the lower Yukon near Russian Mission, AK. Active fire behavior was observed, despite the light rain that was received. Firefighters will conduct burnout operations from the east side of Carnation Creek.

Alaska has 45 other large fires burning for a total of 1,312,362 acres.

## NORTHWEST LARGE FIRES:

COREFU, Columbia NWR. This fire is near Othello, WA. Firefighters made good progress toward containment objectives. No problems are anticipated.

CEDAR MOUNTAIN, Vale District, BLM. This fire is located 30 miles northwest of Arock, OR. Current threats include winter range land and a Wilderness Study Area.

## SOUTHERN AREA LARGE FIRES:

HALF MOON \#1, Ocala NF. This fire is burning in heavy prairie fuels 20 miles east of Ocala, FL. Bucket work assisted firefighters in suppression efforts. Burnout operations were conducted yesterday. Current threats include two subdivisions which border the prairie. Full containment was expected last night.

## OUTLOOK:

Alaska will have scattered showers and thunderstorms. Temperatures will be in the 50's and 60's along the coast, and in the 70's for the interior.

California, Colorado, the Great Basin and the Southwest will be partly cloudy with scattered, mostly wet, thunderstorms. Temperatures will be in the 70's and 80's in the mountains, and the 90's to 107 in the valleys and Arizona deserts.

Oregon and Washington will be dry and warm. Temperatures will be in the 80's and 90's east of the Cascade mountains.

New Jersey will be partly cloudy in the north and cloudy with afternoon rain showers in the south. Temperatures across the state will be in the $70^{\prime} \mathrm{s}$.
