```
INCIDENT MANAGEMENT SITUATION REPORT
WEDNESDAY, JULY 30, 1997 - 0530 MDT
    NATIONAL PREPAREDNESS LEVEL II
```

CURRENT SITUATION: The Northwest and Northern California Areas continue to battle multiple lightning-ignited fires. Most of the new starts have been contained during the initial attack phase. The Eastern Basin and Eastern Areas reported new large fires. Firefighters continued to make good progress on large fires in Alaska. High to extreme fire indices continue to be reported on numerous units in the western United States.

## ALASKA LARGE FIRES:

SIMELS, Galena District, BLM. This fire is on the east side of the Innoko Flats, between Galena and McGrath. The entire fire perimeter was active yesterday. Torching and spotting on the eastern perimeter caused a spot fire to make a $1 / 4$ mile run. Crews and aircraft have this slopover $20 \%$ contained. Structure protection is in place for a cabin south of the slopover.

CHINIKLIK MOUNTAIN, Galena District, BLM. A Type II Incident Management Team (Wehking) is assigned. This fire is in the lower Yukon near Russian Mission. Weather conditions have allowed firefighters to meet their primary objectives a long the southern perimeter. Overall fire behavior has increased, especially on the northeastern perimeter. Firefighter safety is a concern as several bears have been sighted in the area.

PAIMIUT, Galena District, BLM. This fire is being managed by the Type II Incident Management Team assigned to the Chiniklik fire. The fire is in the Lower Yukon area, between Russian Mission and Holy Cross. Favorable weather conditions have allowed firefighters to make good progress on line construction.

INOWAK, Southwest Area Forestry, Alaska State. A Type II Incident Management Team (Dube) is assigned. Significant fire activity was observed along the northern perimeter. A structure protection plan has been implemented near Georgetown, AK.

Alaska has 45 other large fires burning for a total of 1,400,246 acres.

## EASTERN AREA LARGE FIRES:

WEST MILLS, New Jersey State. This fire is northeast of Hammonton, NJ. The village of Totem was evacuated yesterday. Volunteer fire companies and air support are assisting with suppression efforts.

## OUTLOOK:

The Alaska interior will be partly cloudy with scattered wet thunderstorms. The southwest coast will be mostly cloudy with areas of rain. Temperatures will be in the 60's and 70's across the state.

New Jersey will be sunny, with temperatures in the 70's and $80^{\prime} \mathrm{s}$.
California will be mostly sunny. Scattered afternoon and evening wet thunderstorms are predicted for the northern mountains and Sierra Nevada range.

Temperatures will range from the $70^{\prime}$ 's in the mountains to 109 in the southern deserts.

Nevada and Utah will have partly cloudy skies and scattered afternoon and evening wet thunderstorms. Colorado and New Mexico will be mostly cloudy. Scattered wet thunderstorms are forecast for New Mexico and Colorado. Temperatures will be in the 70's and 80's in the mountains, the 80's and 90's in the valleys, and up to 109 in the southern Nevada deserts.

Arizona will be mostly cloudy with scattered afternoon and evening wet thunderstorms. The extreme western part of the state will be partly cloudy with isolated afternoon and evening wet thunderstorms. Temperatures will be in the 70 's in the mountains and near 106 in the deserts.

Western Oregon will be partly cloudy. Western Washington will be mostly cloudy with areas of drizzle. Partly cloudy skies with scattered
afternoon and evening wet thunderstorms are predicted east of the Cascades. Temperatures will range from the 60's to the 80's west of the Cascades. Highs will be in the $80^{\prime}$ s and 90's east of the Cascades and in the southwest Oregon valleys.
