# INCIDENT MANAGEMENT SITUATION REPORT WEDNESDAY SEPTEMBER 3, 1997 - 0530 MDT NATIONAL PREPAREDNESS LEVEL II 

CURRENT SITUATION: Large fire activity continued in the Southern California and Rocky Mountain Areas. Containment objectives were achieved on the large fire in the Western Great Basin Area. Minor initial attack activity was reported elsewhere. Very high and extreme fire indices were reported on units in the Northwest, California, Western Great Basin and Northern Rockies Areas.

## SOUTHERN CALIFORNIA LARGE FIRES:

SANTIAGO, Orange County, California State. This fire is located 2 miles southeast of Santa Ana, CA. Active fire behavior was observed yesterday. A voluntary evacuation is in effect for approximately 50 homes in the vicinity.

PAUBA, Riverside Ranger Unit, California State. A State Type I Incident Management Team (Wistow) is assigned. This escaped camp fire is located near the community of Temecula, CA. No new information was provided. This will be the last report unless new information is received.

## ROCKY MOUNTAIN LARGE FIRES:

DEWEY 2, Black Hills NF. A Type II Incident Management Team (Adams) is assigned. Steep, rocky, inaccessible terrain necessitated indirect attack with burnout operations. Aerial retardant reinforced the north end where cultural resources and a subdivision are threatened.

## OUTLOOK:

Northern California will have a slight chance of showers and thunderstorms over the Sierra Nevada mountains and the northeast. The central portion of the state will be partly cloudy with widely scattered showers and thunderstorms over the Sierra Nevadas and the deserts. The coastal areas will have low clouds and fog in the morning, turning to mostly sunny in the valleys and partly cloudy in the mountains by afternoon. Southern California will be partly cloudy with scattered afternoon and evening showers and thunderstorms over the mountains and deserts. The southern coastline will be partly cloudy and humid with a slight chance of afternoon and evening showers and thunderstorms. California temperatures will range from the 60 's along the northern coast to 105 in the southern deserts.

Nevada will be mostly cloudy with scattered showers and afternoon thunderstorms. Temperatures will be in the 80's in northern and central Nevada, and up to 102 in the south.

Utah will be partly cloudy with scattered showers and thunderstorms.
Temperatures will be in the 80 's and 90's across the state.
Idaho will be mostly cloudy with scattered showers and thunderstorms in the north and south. Mostly cloudy skies with showers and thunderstorms are likely for the central mountains. Temperatures will be in the 70's and 80's in the northern and central portions, and the 80 's in the south.

Washington will be partly cloudy along the coast and mostly cloudy in the east. Scattered showers and thunderstorms are possible in the Cascade mountains and eastern Washington. The coastal areas will have low clouds, fog, and drizzle in the morning. Temperatures will be in the 60's along the coast, the 70's west of the Cascades, and the 80 's to the east.

Oregon will be partly cloudy. A chance of thunderstorms exists from the Cascade mountains to the eastern border. Hail and gusty winds may accompany some of these thunderstorms. Morning low clouds and fog are possible along the coast. Temperatures will range from the 60's along the coast to the 80's in eastern Oregon.
