OUTLOOK:

California will be partly cloudy and breezy with a chance of thunderstorms over the mountains and desert. Cloudy and windy conditions exist in the north with a chance of showers and thunderstorms. Temperatures will be in the mid 60's and 70's along the coast with 70's and near 80 in the mountains. Nineties to 110 are expected in the inland valleys and deserts. Heavy rain and strong winds are possible in the south on Monday and Tuesday.

Idaho will be locally windy with showers and a few thunderstorms in the north. Temperatures will be 65 to 75 in the mountains and north, with low to mid 80's in the south.

Utah will be partly cloudy and windy with scattered afternoon and evening showers and thunderstorms. High temperatures will range from 85 to 95.

Nevada will be partly sunny and dry with south wind gusts up to 40-50 mph. A chance of showers and thunderstorms exists in the far northwest, late in the day. High temperatures will be in the 80's in the north and mid 90's to 104 in the south.

Montana will be partly cloudy and breezy with a slight chance of afternoon showers in the west. Temperatures will range from 70's in the west and

80's in the east.

Oregon and Washington will be windy with rain and thunderstorms. Temperatures will be in the 60's and 70's west of the Cascades and from 65-75 in the east, becoming much cooler.
