# INCIDENT MANAGEMENT SITUATION REPORT 

SUNDAY, JUNE 21, 1998-0900 MDT
NATIONAL PREPAREDNESS LEVEL II

## CURRENT SITUATION:

Increased initial attack activity was reported in the Southwest. Minimal initial attack fire activity was reported elsewhere. Large fire activity continues in the Southern Area. The National Interagency Coordination Center processed orders for helicopters, engines, communications equipment and miscellaneous overhead for the Southern Area. Very high and extreme fire indices were reported in Nevada, Minnesota, Florida, Georgia, Texas, New Mexico, Southern California, Colorado, and Arizona.

## SOUTHWEST LARGE FIRES:

WHITE CLAY \#1, Navajo State Office, Arizona. This human caused fire is 60 miles west of Phoenix, Arizona. No additional information is available.

## SOUTHERN AREA LARGE FIRES:

JACKSONVILLE COMPLEX, Florida State, Duval County. A Florida State Incident Management Team (Voltolina) is assigned. This complex is comprised of the Rowe, Yellow Water, Halsema, Boney, Sharon, and Shadowlawn fires. Some rain fell on parts of the complex last night. Some areas received up to two inches of rain. Smoke continues to be a problem.

GAINESVILLE COMPLEX, Florida State, Alachua County. A Florida State Incident Management Team (Hebb) is assigned. These fires are burning around the community of Waldo. The major fire in this complex is the Race Track-Waldo. There are numerous
other fires in this complex. Residents from Waldo were allowed to return to their homes yesterday afternoon. There were some reports of rain in the area last night.

SUWANNEE COMPLEX, Florida State, Columbia, Union, Bradford and Baker Counties. A Florida State Incident Management Team (Crow) is assigned. A precautionary evacuation order was initiated by Union County Emergency Management for 25 residences and business in the town of Raiford. Top priority continues to be given to the Swift Creek \#1. Heavy smoke prevented air operations yesterday morning. Approximately 100 homes, businesses and outbuildings have been saved due to structure protection efforts of local volunteer fire departments. Several thousand acres of valuable timber have also been saved.

OAK HEAD, Osceola National Forest. This fire is located 20 miles north of Lake City. A Type I Incident Management Team (Greenhoe) will assume management today. The fire has jumped control lines and is burning in the Big Gum Wilderness Area. Gusty winds yesterday caused extreme fire behavior yesterday.

HOLIDAY, Apalachicola NF. A Type II Incident Management Team (Corley) is assigned. This fire is 18 miles southwest of Tallahassee. A twenty acre spot fire occurred outside of the Bradwell Bay Wilderness last night. After a four hour voluntary evacuation notice, residents of the small town of Smith Creek were allowed back into their homes.

SAN PEDRO, Florida State. A Type I Incident Management Team (Giachino) is assigned. This fire is 20 miles east of the town of Perry. There are three large fires in this complex. Lafayette and Taylor Counties may declare local states of emergency due to danger to life and property, especially to the town of Day. Air tankers are being utilized to slow the progress of the fire.

HARP RANCH, Texas State. This lightning caused fire is near the community of Hawley. No new information was received. This will be the last report for this fire, unless new information is received.

NAIL RANCH FIRE \#2, Texas State. This fire is located in northwest Shackelford County. Shackelford County Volunteer Fire Departments are handling the suppression efforts. No additional information is available.

ST. GEORGE, Georgia State, Charleton County. No new information was received. This will be the last report on this fire, unless new information is received.

PARADISE, Texas State. The fire spread has been halted. Hand crews and helicopters continue to work hot spots near the perimeter.

## ALASKA LARGE FIRES:

CARLA LAKE, Fort Greely Army Base. This fire is 15 miles southwest of Delta Junction. A Type II Incident Management Team (Ribar) is assigned. Crews continue mopping up along the active perimeter. Strong winds during the morning hours forced air operations to shut down for approximately two hours. One load of retardant was used on a hot spot in the northwest corner of the fire. Bucket drops were used to assist crews in holding the line. Good progress was made in rehabilitation. Demobilization of crews continued today.

## WESTERN GREAT BASIN LARGE FIRES:

RIVER FIRE, Las Vegas District, BLM. This fire is located between the towns of Mesquite and Bunkerville, along the Utah border. The fire is burning in dense salt cedar and tamarisk along both sides of a river bottom. Planned burn out operations could not be conducted due to high winds. No new information was received.

| INCIDENT NAME | UNIT | ST | SIZE | $\%$ <br> CTN | $\begin{aligned} & \text { EST } \\ & \text { CTN } \end{aligned}$ | TOTAL PERS | CRW | ENG | HELI | STRC <br> LOST | EST <br> LOSS | $\begin{aligned} & \$ \$ \$ \\ & \text { CTD } \end{aligned}$ |

## OUTLOOK:

Alaska will be mostly cloudy with scattered afternoon showers. Gusty winds will occur along the Alaska Range. High temperatures will be in the 60's.

Florida and Georgia will be partly cloudy with scattered afternoon thunderstorms. Minimum relative humidities will be 30-40 percent for Northern Florida. High temperatures will be in the 90's.

Arizona, New Mexico and Texas will be sunny and hot. The northern portion of the area will be breezy. High temperatures will be in the lower 70's in the mountains, mid 90's to near 110 for the lower elevations.
