

INCIDENT MANAGEMENT SITUATION REPORT
 SUNDAY, AUGUST 16, 1998 - 0900 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

Increased fire activity occurred in the Great Basin and Northwest Areas; moderate fire activity continued elsewhere. The National Interagency Coordination Center processed orders for helicopters, a caterer, shower, crews and miscellaneous overhead. Very high to extreme indices were reported in Texas, Minnesota, South Dakota, Arizona, Montana, Nevada, Utah, Idaho, Washington, Oregon and California.

EASTERN GREAT BASIN LARGE FIRES:

MAIN SALMON COMPLEX, Salmon-Challis NF. This complex is located 40 miles west northwest of Salmon. An Interagency Fire Use Management Team (O'Brien) is assigned. The complex consists of eleven fires burning in the Frank Church River of No Return Wilderness on the Salmon-Challis, Payette, Nez Perce and Bitterroot National Forests. Structure protection is in place on the Bend Creek and Cayuse fires.

LOOPSEM CREEK, Boise NF. A Type I Incident Management Team (Monahan) will assume suppression responsibilities of the fire today. This fire is two miles south of Yellowpine. Strong winds prevented smokejumpers and airtankers from being used on the fire.

BEAR BASIN, Salmon-Challis NF. A Type I Incident Management Team (Richer) will assume suppression responsibilities of the fire today. The fire is burning in lodgepole pine and douglas fir northwest of Salmon. Heavy dead and down fuels are causing control and safety problems.

JACKASS, Salmon-Challis NF. This fire is 30 miles southwest of Salmon. The fire continues to be moderately active on the east side mostly backing down steep slopes and making short uphill runs. A structure protection system is in place.

COLD SPRINGS, Salmon-Challis NF. No new information was received.

* Primary ordering office location.

NORTHWEST LARGE FIRES:

GORGE, Willamette NF. A Type II Incident management Team (Gardner) is assigned. This fire is located 9 miles east of Oakridge, OR. Numerous snags are a safety problem. Crews are burning out the northern flank and finishing control lines.

NORTH 25, Wenatchee NF. A Type II Incident Management Team (Furlong) is assigned. This fire is located 27 miles northwest of Chelan. Transition to a Type III Incident Management Team will take place today.

McCORKLE, Warm Springs Agency BIA. This fire is located ten miles northwest of Warm Springs. The fire is burning in grass, sage, juniper and fir. The priority is to contain the fire before predicted winds occur.

RIETH-BARNHART, Oregon State, Umatilla County. This fire is 5 miles west of Pendleton. The fire is burning on both sides of I-84 and Highway 395. The Pendleton Airport, structures and Blue Mountain Community College are threatened. Two residences and two outbuildings have been destroyed. The state Conflagration Act has been invoked in order to mobilize cooperators in the area.

OUTLOOK:

A FIRE WEATHER WATCH IS POSTED FOR EASTERN OREGON, NORTHERN IDAHO AND WESTERN WASHINGTON FOR DRY AND BREEZY 20-30 MPH SOUTHWEST TO WEST WINDS. The Northwest, upper Great Basin and Northern Rockies will be cooler with breezy southwest to west winds of 20-30 MPH. Southeast California, eastern Nevada, Utah, Wyoming and eastern Montana will see thunderstorms with little rain. There will be scattered wet thunderstorms over Arizona and New Mexico. High temperatures will range from the 70's to 80's in the Northwest and Northern Rockies. The remainder of the West will have highs in the upper 80's to 108 in the valleys and deserts and 70's to 80's in the mountains.

Arkansas and Oklahoma will be mostly sunny with high temperatures ranging from the upper 80's to mid 90's.

Texas will be partly cloudy with a chance of thunderstorms. High temperatures will range from 90 to 105.

NR = NOT REPORTED UNK = UNKNOWN
