

INCIDENT MANAGEMENT SITUATION REPORT
 SUNDAY, AUGUST 23, 1998 - 0900 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

The Northern Rockies continued to experience significant initial attack activity. Moderate initial attack fire activity was reported elsewhere. The National Interagency Coordination Center processed orders for a mobile shower unit, a helicopter, equipment, crews and miscellaneous overhead. Very high to extreme indices were reported in Texas, Nevada, Utah, Idaho, Oregon, Washington, California, Arizona, South Dakota and Wyoming.

NORTHERN ROCKIES LARGE FIRES:

SPRING, Central Land Office, Montana State. This lightning caused fire is burning in a roadless area 40 miles north of Helena. Limited access is causing control problems.

PACK TRAIL, Bitterroot NF. This fire is located 10 miles east of Sula. A Type II Incident Management Team (Cowin) is assigned. The fire is burning actively on the east flank. Control and safety problems include torching, spotting, inaccessibility, steep terrain and snags.

WEST FORK WILDERNESS FIRES, Bitterroot NF. An Interagency Fire Use Management Team (Wallace) is assigned. The Little Creek, Schofield and Bend fires continue to exhibit growth. Structure protection is continuing. The fires are being monitored daily by air.

INCIDENT NAME	ST	UNIT	SIZE	%	EST CTN	TOTAL PERS	CRW	ENG	HELI	STRC	EST LOSS	\$\$\$ C-T-D

MILLER CREEK	TS	MT	750	100	----	NR	NR	NR	NR	NR	NR	8K

EASTERN GREAT BASIN LARGE FIRES:

NORTH FORK COMPLEX, Salmon-Challis NF. A Type I Incident Management Team (Richer) is assigned. These fires are located approximately 20 miles west of Salmon. The Bear Basin fire is now controlled. Line construction has been completed on the Sheepeater fire. The Team continues to prioritize and staff the multiple fires within this complex.

MAIN SALMON COMPLEX, Salmon-Challis NF. An Interagency Fire Use Management Team (O'Brien) is assigned. This complex is 40 miles west northwest of Salmon. The complex consists of 13 fires burning in the Frank Church River of No Return Wilderness on the Salmon-Challis, Payette, Nez Perce and Bitterroot National Forests. A Fire Use Management Team (FUMT) has been ordered to replace the existing Team effective 8/28/98.

JACKASS, Salmon-Challis NF. This fire is 30 miles southwest of Salmon. Temperatures in the 80's and 90's along with low relative humidities have contributed to fire spread to the north. Hand crews supported by helicopter bucket drops have been successful in holding the fire on the west side of Yellowjacket Creek.

* Primary ordering office location. SLD = Salt Lake City District, BLM

NORTHWEST LARGE FIRES:

NORTH 25, Wenatchee NF. This fire is located 27 miles northwest of Chelan. Crews are continuing rehabilitation work.

CHICKEN SPRINGS, Burns District, BLM. This fire is located 25 miles east of Burns. Burnouts to secure the perimeter have been successful. Gusty winds and limited access are causing control problems.

INCIDENT NAME	ST	UNIT	SIZE	% CTN	EST CTN	TOTAL PERS	CRW	ENG	HELI	STRC	EST LOSS	\$\$\$ C-T-D

SQUARE LAKE	EF	OR	160	100	----	340	13	0	3	UNK	37K	740K

DEF = Deschutes NF

OUTLOOK:

A strong trough of low pressure will move across Idaho and Montana with a chance of mainly dry thunderstorms. A few isolated to scattered thunderstorms will produce wetting rains across portions of Wyoming, Colorado, New Mexico, Arizona, and Utah. California, Nevada, Oregon, and much of Washington will be sunny and dry. High temperatures will be in the 70's to 80's along coastal sections and mountainous areas with 90's to 109 elsewhere.

NR = NOT REPORTED UNK = UNKNOWN
