

INCIDENT MANAGEMENT SITUATION REPORT
WEDNESDAY, SEPTEMBER 2, 1998 - 0530 MDT
NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

Increased large fire activity continued in the Eastern Great Basin, Northern Rockies and Southern California Areas. The National Interagency Coordination Center processed orders for helicopters, equipment, crews, overhead, caterers, showers and radio systems. Very high to extreme indices were reported in Texas, Arizona, Utah, Nevada, California, Oregon, Washington, Idaho, Wyoming, Montana and South Dakota.

SOUTHERN CALIFORNIA LARGE FIRES:

JUNIPER, Riverside Ranger Unit, California Department of Forestry. A State Type I Incident Management Team (Heil) is assigned. This fire is located fifteen miles east of Perris. There were 26 residences and 74 outbuildings destroyed. Two evacuation centers have been established in local schools. Parts of Highways 74, 79 and Winchester Road are temporarily closed. Ground survey and damage assessment is continuing.

YANKEE, Kern County, California State. A State Type II Incident Management Team (Sands) is assigned. This fire is located near Lake Isabella, in the Lakeland and Yankee Canyon area. Two subdivisions of homes are threatened.

WEIRICK, Riverside Ranger Unit, California Department of Forestry. A State Type I Incident Management Team (Eaves) is assigned. This fire is located about five miles south of Riverside. Multiple dispersed homes are threatened. Full containment is expected this morning.

WILDCAT, San Diego Ranger Unit, California Department of Forestry. A State Type I Incident Management Team (O'Leary) is assigned. This fire is located southwest of Ramona. High, variable winds are causing long range spotting. Significant resources are being devoted to structure protection.

SANTIAGO CANYON, Orange County, California State. A State Type II Incident Management Team (Henderson) is assigned. This fire is burning in dense vegetation and steep terrain at Carbon County Park. Extreme fire behavior continues to hamper containment efforts.

DELUZ, Camp Pendleton Marine Corps Base. A Type II Incident Management Team (Bacon) is assigned. This fire is located on the Camp Pendleton Base near Fallbrook. Control and safety problems include extremely high temperatures and variable winds. The community of Fallbrook is threatened.

NORTHERN ROCKIES LARGE FIRES:

BEAR GULCH, Beaverhead/Deerlodge NF. This fire is located nine miles northeast of Twin Bridges. The Bear Gulch fire is under a Unified Command Team with Madison County, the Montana Department of Natural Resources and Conservation and the U.S. Forest Service. Control problems include wind, and steep, rocky, inaccessible terrain.

BLACKFEET COMPLEX, Blackfeet Agency, BIA. A Type II Incident Management Team (Swope) is assigned. Containment progress is slow due to safety issues, fire behavior, numerous spot fires, heavy fuels, snags, and steep, inaccessible terrain. The complex will respond to initial attack on the eastern part of the reservation and the lower St. Mary drainage area of Glacier National Park.

BRADSHAW, Montana State. This fire is located 40 miles east of Miles City. No new information was received.

WEST FORK WILDERNESS FIRES, Bitterroot NF. An Interagency Fire Use Management Team (Wallace) is assigned. The acreage increase is due to remapping using GPS.

MOOSE COMPLEX, Nez Perce NF. An Interagency Fire Use Management Team (Johnson) is assigned. These fires are located in the Selway-Bitterroot Wilderness. Active burning was observed until midnight.

EASTERN GREAT BASIN LARGE FIRES:

EAGLE TWO, Idaho Falls District, BLM. This fire is burning in grass and brush ten miles southwest of Pocatello. Thunderstorms with strong winds caused extreme fire behavior. The fire continued to actively burn through the night due to poor humidity recovery. Current threats include residences, a gas station, power lines, critical wildlife habitat, cultural resources and a pipeline.

LAID LOW, Salmon-Challis NF. A Type I Incident Management Team (Richer) is assigned. This fire is burning in an area of heavy bug kill, 12 miles northwest of Stanley. Burnout operations continued on the northern portion of the fire; however, these operations are proceeding slowly due to

spotting. A helitorch operation is planned for today.

MAIN SALMON COMPLEX, Salmon-Challis NF. An Interagency Fire Use Management Team (Zimmerman) is assigned. This complex is 40 miles west northwest of Salmon. The complex consists of 15 fires in the Frank Church River of No Return Wilderness on the Salmon-Challis, Payette, Nez Perce and Bitterroot National Forests. Increased activity was reported with crowning and spotting observed.

NORTHWEST LARGE FIRES:

JORDAN CREEK, Washington State. A State Incident Management Team (Mesenbrink) is assigned. This fire is burning in slash, reproduction and standing timber on a steep slope south of Marblemount. A fireline explosive team is assisting crews in establishing control lines in steep and difficult terrain. Rolling materials continue to pose a threat to firefighters.

NORTHERN CALIFORNIA LARGE FIRES:

MIDDLE, Lake Napa Ranger Unit, California Department of Forestry. A State Incident Management Team (Holmes) is assigned. This fire is burning in brush and oak woodland 20 miles southwest of Williams. More than 14 miles of containment line have been constructed. Burnout operations were successful and containment was expected last night.

OUTLOOK:

A FIRE WEATHER WATCH IS POSTED IN SOUTHWEST MONTANA FOR GUSTY WINDS. The western U.S. will continue to be very hot and dry. Western Montana will experience breezy west winds 15-30 MPH. Isolated dry thunderstorms are predicted for the mountains of central and southern California into southern Nevada. Scattered wet thunderstorms are expected in Arizona, New Mexico, southern Utah and southern Colorado. High temperatures will range from the 90's to 112 degrees throughout most of the West. Mountainous areas can expect high temperatures in the 70's and 80's.
