CNF = Cleveland National Forest.

OUTLOOK:

Washington will be mostly sunny and warmer with a chance of late day thunderstorms in the Cascades. High temperatures will be 70 to 75 on the coast with 75 to mid 90's inland.

Oregon will be sunny and warm except areas of morning clouds along the coast. There is a chance of late afternoon thunderstorms. Coastal high temperatures will be in the mid to upper 60's. High temperatures inland will be around 85 in the north to the mid 90's in the Rogue Basin and east of the cascades.

California will be sunny, except some afternoon clouds with isolated thunderstorms over the far northern mountains. High temperatures will be in the upper 80's to mid 90's across the inland valleys and 90 to 108 in the southern deserts.

Idaho will be sunny and much warmer. High temperatures will be in the mid 80's to lower 90's in the valleys and upper 70's to mid 80s in the mountains.

Nevada will be mostly sunny with isolated showers and thunderstorms in the north, east central and along the eastern border. High temperatures will be in the mid 80's to mid 90's and up to 108 in the southern portion.

Utah will be mostly cloudy with a chance of showers and thunderstorms. High temperatures will be in the 80's and low 90's with 70's to lower 80's in the mountains.

Texas will be mostly sunny. High temperatures will be 80's in the mountains to near 104 in the desert lowlands.
