

INCIDENT MANAGEMENT SITUATION REPORT
 FRIDAY, MAY 19, 2000 - 0530 MDT
 NATIONAL PREPAREDNESS LEVEL III

CURRENT SITUATION:

New large fires were reported in the Southwest and Eastern Areas. The Southwest Area is releasing some crews and airtankers. The National Interagency Coordination Center processed orders for air tankers, a helicopter, radio equipment, and miscellaneous overhead. Very high to extreme fire indices were reported in New Mexico, Arizona, Texas, Utah, California, Oklahoma, and Minnesota.

On 5/13, Interior Secretary Bruce Babbitt and Agriculture Secretary Dan Glickman announced a 30-day suspension of all federal prescribed fires west of the 100th meridian. For more information, see the U.S. Forest Service Fire web page at www.fs.fed.us/fire/news.shtml.

SOUTHWEST AREA LARGE FIRES:

CERRO GRANDE, Bandelier National Monument. An Area Command Team (Meuchel) and two Type I Incident Management Teams (Humphrey and Gage) are assigned. The fire is burning near Los Alamos, NM. Fire activity decreased during the past 24 hours. Construction of direct fireline over the Caballo Mountains on the west side of the fire has been initiated. Patrol and mop up on the east side is underway. Demobilization of some resources on the southern zone of the fire continues.

OUTLET, Grand Canyon National Park. A Type I Incident Management Team (Frye) is assigned. The fire is burning in designated and proposed wilderness 25 miles south of Jacob Lake, AZ. Additional fireline construction occurred along the northwest flank of the fire. The North Rim Visitor Complex is still closed to the public, but some concession and NPS personnel have been allowed to return.

SOUTHERN AREA LARGE FIRES:

LONG BAY, National Forests of Florida. A Type II Incident Management Team (Wilkins) is assigned. The fire is in the Apalachicola National Forest, 40 miles southwest of Tallahassee, FL. The burnout operation was successful. Mop up of hot spots along control lines is underway.

CARLTON RESERVE, Florida State Division of Forestry. The fire is ten miles northwest of Port Charlotte, FL. Interstate 75 has been reopened. Some spotting is occurring. This fire was formerly known as FLOWERS.

CANEY BOTTOM, National Forests in North Carolina. This fire is 22 miles northwest of Burnsville, NC. A burnout operation was completed. Current threat is to several abandoned historical home sites. Steep terrain is causing control problems.

EASTERN AREA LARGE FIRES:

LIGHTNING, Mark Twain NF. This fire, located four miles south of Boss, MO, is burning in hardwood litter, grass, and brush. Private land and timber resources are threatened. Continued drought conditions and low fuel moistures are contributing to fire spread. Containment was expected last night.

OUTLOOK:

*** A FIRE WEATHER WATCH IS POSTED IN NORTHEAST AND CENTRAL FLORIDA FOR LOW RELATIVE HUMIDITIES ***

Florida will be partly cloudy with east to south winds at 5 to 15 mph. High temperatures will be in the mid 80's to lower 90's. Afternoon relative humidities will be 28 to 38 percent.

Northern New Mexico will be partly cloudy with a slight chance of showers and thunderstorms. Southern New Mexico will be mostly sunny. Winds will be south to southwest at 10 to 20 mph. High temperatures will range from the 60's in the northern mountains to the upper 80's in the southern

plains. Minimum relative humidities will be 10 to 20 percent.

Arizona will be mostly sunny and warmer. There is a slight chance of afternoon showers and thunderstorms in the northeast part of the state. Winds will be southwest to northwest at 5 to 15 mph. Temperatures will be in the 70's in the northern mountains and near 100 in the southern deserts. Minimum relative humidities will be 10 to 20 percent.

West Texas will be mostly cloudy with a chance of showers and thunderstorms. Winds will be east to southeast at 10 to 20 mph. High temperatures will range from the mid 60's in the panhandle to near 100 along the Rio Grande. Minimum relative humidities will be 20 to 35 percent.

North and South Carolina will be partly cloudy and breezy. There is a chance for late afternoon showers and thunderstorms in the northeast. High temperatures will be from the mid 70's to the lower 90's. Winds will be southwest to west at 15 to 25 mph.

Virginia will be partly cloudy with southwest winds of 15 to 25 mph. Maximum temperatures will be in the 80's.
