

INCIDENT MANAGEMENT SITUATION REPORT
 SUNDAY, JUNE 25, 2000 - 0900 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

A new large fire was reported in the Northwest Area. Initial attack activity was moderate in the Southern Area and light elsewhere. The National Interagency Coordination Center mobilized an airtanker, infrared aircraft, a helicopter, and miscellaneous overhead. Very high to extreme fire indices were reported in Arizona, California, Colorado, Florida, Idaho, Kansas, Nevada, New Mexico, Oregon, and Utah.

ROCKY MOUNTAIN AREA LARGE FIRES:

PIÑON CANYON, Pike-San Isabel National Forest. A Type II Incident Management Team (Hartman) is assigned. The fire is burning in salt cedar, pinyon-juniper and grass south of La Junta, CO on the Comanche National Grasslands. The fire experienced minor spread up canyon chutes and individual tree torching. The incident is providing initial attack resources for the Comanche National Grasslands.

PIÑON CANYON	CO	PSF	830	30	6/26	72	2	11	0	0	NR	NR

WESTERN GREAT BASIN AREA LARGE FIRES:

BASIN, Elko Field Office BLM. This fire is 22 miles southwest of Jiggs, NV. The fire is burning in heavy sage, pinyon-juniper and grass. Winds, inaccessibility and unburned islands continue to challenge containment efforts.

TONKIN ROAD, Battle Mountain Field Office BLM. This lightning caused fire is 75 miles south of Carlin, NV. Air support on the west side of the fire helped to prevent the fire from burning over the ridge. Low humidities, difficult access and passing thunderstorms hindered suppression efforts.

BOX CANYON, Winnemucca Field Office BLM. This lightning caused fire is ten miles north of Winnemucca, NV. The fire is burning in cheatgrass and sagebrush. Good progress towards line construction has been made. Strong ridge top winds and steep terrain have hampered containment efforts.

BOX CANYON	NV	WID	1032	90	6/24	NR	0	2	0	0	NR	NR

NORTHWEST AREA LARGE FIRES:

RANGE, Yakima Agency BIA. This human-caused fire is south of Toppenish, WA. State Highway 97 was closed for several hours due to movement of fire equipment and suppression operations. Containment objectives are being deterred by spotting due to high winds.

HARPHAM, Prineville District BLM. This fire is three miles southeast of Maupin, OR. Harpham Flat Campground was evacuated and one outbuilding was destroyed. There are communication problems due to the fire being located in a deep canyon.

SOUTHERN AREA LARGE FIRES:

MUSE COMMAND, Florida State Division of Forestry. The fire is east of St. Cloud, FL in Osceola County. No new information was received.

WILDCOW, Florida State Division of Forestry. The fire is in Hendry County near Felda, FL. No new information was received.

OUTLOOK:

For the western United States there will be scattered afternoon thunderstorms with gusty winds east of the line from Phoenix, Arizona to Las Vegas, Nevada through central Utah to Denver, Colorado into central Montana. The remainder of the west will be dry. Most thunderstorms in Utah will be dry.

Valley temperatures in the western United States will range from the 70's to 80's over northern portions and into the 90's over the south. Mountain temperatures will range 10 to 15 degrees cooler than nearby valleys. The lower deserts in southern California and Arizona will reach near 105 degrees. Minimum relative humidities will generally be 10 to 30 percent throughout the West, except for the coastal areas which will be above 70 percent.

Florida will be partly cloudy with scattered afternoon thunderstorms. High temperatures will be in the 90's. Minimum relative humidities will be around 50 percent.
