

INCIDENT MANAGEMENT SITUATION REPORT
 MONDAY, OCTOBER 2, 2000 - 0530 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

Four new large fires were reported in Oklahoma, while one large fire in Oklahoma was contained. Initial attack activity was moderate in California and the Southern Area and light elsewhere. Continued hot and dry conditions will keep fire danger high in Texas and Oklahoma. Mobilization of resources through the National Interagency Coordination Center was minimal. Very high to extreme fire indices were reported in Oregon, Washington, California, North Dakota, Idaho, Utah, Arizona, Colorado, Nebraska, Arkansas, Oklahoma and Texas.

NORTHERN CALIFORNIA AREA LARGE FIRES:

WEINSTEIN, Tehama-Glenn Ranger Unit, California Department of Forestry and Fire Protection. A Type I Incident Management Team (Posten) is assigned. This fire is in the rugged foothills west of Red Bluff, CA. Decreased winds have allowed crews to make good progress with widening existing firelines and constructing secondary containment lines.

SOUTHERN AREA LARGE FIRES:

SKIATOOK, Oklahoma Division of Forestry. The fire is five miles northwest of Skiatook, OK. Three houses have been destroyed and several more are threatened. Strong winds and low relative humidity are hindering suppression efforts.

FAIRFAX, Oklahoma Division of Forestry. This human-caused fire is southwest of highways 60 and 18. Winds in excess of 25 mph and low relative humidity are challenging firefighting efforts. Crews are engaging in structure protection and constructing fireline with air tanker support.

60-18, Oklahoma Division of Forestry. The fire is at the junction of highways 60 and 18. Strong winds and rapid rates of spread have hindered suppression efforts. A National Guard helicopter is providing bucket drops. One outbuilding is threatened.

BALLPARK ROAD, Oklahoma Division of Forestry. This fire is three miles west of Marlow, OK. High winds and light fuels are making containment efforts difficult. Twelve residences and two oil storage batteries are threatened.

TALALA, Oklahoma Division of Forestry. This fire is burning near Talala, OK. No new information was reported.

CYRIL, Oklahoma Division of Forestry. This fire is one-half mile west of Cyril, OK. High winds and low fuel moistures are hampering suppression efforts. Four residences are still threatened.
