

**INCIDENT MANAGEMENT SITUATION REPORT  
 MONDAY OCTOBER 11, 2004 – 0800 MDT  
 NATIONAL PREPAREDNESS LEVEL 2**

**CURRENT SITUATION:**

Initial attack activity was light nationally with 45 new fires reported. Very high to extreme fire indices were reported in California and Nebraska.

**SOUTHERN AREA INCIDENTS:**

HURRICANE FRANCES / IVAN RESPONSE, Federal Emergency Management Agency (FEMA). A Type 2 Incident Management Team (Muir) is assigned. The Team is managing a base camp at Saufley Field Naval Air Station in Pensacola, FL.

**NORTHERN CALIFORNIA AREA LARGE FIRES:**

POWER, Eldorado National Forest. A Type 2 Incident Management Team (Wendt) is assigned. This fire is 28 miles southeast of Pollock Pines, CA in brush and timber. Despite windy conditions, minimal fire behavior with no active spread was observed.

INCIDENT NAME	ST	UNIT	SIZE	% CTN	EST CTN	TOTL PERS	CRW	ENG	HELI	STRC LOST	\$\$\$ CTD
POWER	CA	ENF	418	95	10/15	446	9	7	0	0	2.5M

**OUTLOOK:**

**Red Flag Warning:** For Monterey, San Benito counties, western Tahoe, western El Dorado and western Stanislaus National Forests for strong northeast winds and low relative humidity levels.

For all of Northern California west of the Cascade-Sierra crest, except the north coast, for strong and gusty northeast winds and low relative humidity levels.

**Weather Discussion:** High pressure is building over the Pacific Northwest with low pressure centered over southern California. This weather pattern will continue to bring gusty winds, warm temperatures and low relative humidity levels to California.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
<b>NORTHERN CALIFORNIA AREA</b> Sunny.	60s to low 70s higher terrain. 80s to low 90s lower elevations.	30 to 45% coastal areas. 12 to 28% inland.	North-northeast 8 to 16 mph with gusts to 25 to 30 mph. Local gusts to 40 mph.
<b>SOUTHERN CALIFORNIA AREA</b> Low clouds coastal basin; otherwise, partly cloudy.	75 to 85 central coast. 65 to 80 mountains. 70 to 85 south valleys. 75 to 85 upper deserts. 85 to 95 lower deserts.	12 to 25% northern valleys and mountains. 25 to 40% southern valleys and mountains. 12 to 25% deserts.	Northeast 10 to 20 mph with gusts to 30 mph in the north. Elsewhere, northeast 5 to 15 mph.

## HAZARDOUS MATERIALS ENCOUNTERS

Employees who may encounter hazardous materials in the field should be trained as mandated by OSHA 1910.120 (q), First Responder Awareness Level. However, employees should always recognize that hazmat encounters require special precautions.

● Hazardous materials in the field include, but are not limited to:

- Clandestine drug waste – waste as a result of “meth” labs, etc., which may look like common household trash at first glance. Drug lab waste can be identified by the presence of gallon plastic jugs, large plastic bags, 5-gallon buckets, and laboratory equipment (tubes and beakers).
- Midnight dumping – may be recognized by the presence of barrels or other containers, discoloration of land, plants, or water, and/or dead vegetation and animals.
- Transportation accidents – truck, rail, or pipeline accidents may result in the spillage or release of hazardous materials that may result in danger to life, property, or resources.

● In all instances, self-protection is your primary responsibility.

● Respond to all encounters by implementing the Three Rs:

- Recognize: Attempt to identify the substance using the North American Emergency Response Guide, occupancy/location, placards/labels, container shapes/colors, and/or MSDS shipping papers.
- Retreat: Move upwind, up-terrain, or upstream; isolate the material; and deny entry to the site. Guidelines for isolation distances include: 150 feet for a minor incident (1 drum, 1 bag, etc.); 500 feet for a major incident (more than 1 drum, etc.); 300 feet for a residential and light commercial incident; 1,000 feet for an open area; 2,500 feet for an incident with BLEVE potential; 2,500 feet for the staging area (must be upwind with vehicles in a headed-out position).
- Report: Notify your supervisor and agency dispatcher. Request hazmat assistance via a safe route.
