

**INCIDENT MANAGEMENT SITUATION REPORT
WEDNESDAY, JUNE 1, 2005 – 0530 MDT
NATIONAL PREPAREDNESS LEVEL 1**

CURRENT SITUATION:

Initial attack activity was light nationally with 130 new fires reported. One new large fire was reported in the Alaska Area, and one large fire was contained in the Southwest Area. Very high to extreme fire indices were reported in Arizona, New Mexico, and Kansas.

ALASKA AREA INCIDENTS / LARGE FIRES:

PILOT POINT, Southwest Area Forestry. This fire is four miles northeast of Pilot Point, AK in brush and tundra. Pilot Point airport was closed. Residences, commercial buildings, commercial fishing boats, and bird nesting grounds are threatened. Creeping, backing and torching were reported.

DOT LAKE, Tok Area Forestry. This fire is 50 miles northwest of Tok, AK in black spruce, mixed hardwoods, and brush. The community of Dot Lake remains threatened. Significant line construction was attained. Creeping and smoldering were observed.

TNF = Tonto National Forest

OUTLOOK:

Weather Discussion: A strong trough of low pressure and cold front will push through the northern Rockies and stretch southward into the Great Basin. Ahead of the front, winds will increase across the southern Great Basin and areas of the Southwest while near and behind the front there will be plenty of moisture and cooler temperatures. In Alaska, a weak wave of low pressure will track along a cold front that is stalled across the interior and will again be the focus for showers.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Breezy to windy and drier, with mostly sunny to partly cloudy skies. Chance for dry lightning thunderstorms west TX.	Upper 50s to upper 70s mountains. 80s to near 102 lower elevations.	10 to 20% AZ and western NM, 15 to 30% higher mountains and also plains of eastern NM and west TX.	SW 15 to 25 mph northwest AZ, SW 10 to 20 mph remainder of AZ and NM, and south 10 to 20 mph west TX.
Alaska Mostly cloudy with scattered showers and isolated afternoon thunderstorms over the interior.	50s coastal areas and 60s inland.	30 to 45% inland and over 50% along the coast.	Southeast to southwest 10 to 20 mph.
Southern California Morning, low clouds and fog in coastal basins, otherwise mostly sunny.	65 to 80 mountains. 70 to 85 valleys. 80 to 90 upper deserts. 90 to 100 lower deserts.	15 to 30%.	Southwest to northwest 10 to 20 mph with higher gusts.
