## INCIDENT MANAGEMENT SITUATION REPORT SUNDAY, SEPTEMBER 4, 2005 – 0800 MDT NATIONAL PREPAREDNESS LEVEL 4

#### **CURRENT SITUATION:**

Initial attack activity was light nationally with 142 fires reported. Nine new large fires were reported, five in the Eastern Great Basin Area, two in the Southern California Area and one each in the Northern Rockies and Rocky Mountain Areas. No large fires were contained. Very high to extreme fire indices were reported in Alaska, California, Colorado, Idaho, Montana, Nebraska, Nevada, Oregon, South Dakota, Utah, Washington and Wyoming.

A Presidential Disaster Declaration was issued on 8/29 for Hurricane Katrina in Mississippi, Alabama and Louisiana. Two Area Command Teams are assigned (Williams-Rhodes and Ribar). Williams-Rhodes' Team is providing Incident Management Team coordination for FEMA Region IV at the Regional Response Coordination Center in Atlanta, GA for Hurricane Katrina Support. Ribar's team is assigned to the Louisiana Emergency Operations Center in Baton Rouge, LA. The Team is coordinating activities of the Incident Management Teams in FEMA Region VI. Numerous resources are being mobilized as part of the relief effort.

### **SOUTHERN AREA INCIDENTS / LARGE FIRES:**

HURRICANE KATRINA SUPPORT, Federal Emergency Management Agency. Emergency Support Function #4 is staffed at the Regional Response Coordination Centers in Atlanta, GA and Denton, TX. Six Type 1 Incident Management Teams (Custer, Quesinberry, Pincha-Tulley, Gelobter, Cable and Molumby) are assigned. Custer's Team is managing an evacuation center and base camp at the Louis Armstrong New Orleans International Airport in Port Allen, LA. Quesinberry's Team is managing a mobilization center at Meridian Naval Air Station in MS. Pincha-Tulley's Team is managing two camps and supporting the receiving and distribution of relief supplies at Stennis Space Center in MS. Gelobter's Team is managing a base camp at Montgomery, AL. Cable's Team is establishing a base camp in Metairie, LA. Molumby's Team is being assigned to St. Gabriel, LA.

Two Type 2 Incident Management Teams (Lineback and Mullenix) are assigned. Lineback's Team is providing support for the receiving and distribution of supplies and resources at a mobilization center in Camp Beauregard, Pineville, LA. Mullenix's Team is being assigned to San Antonio, TX. A Texas State Incident Management Team is assigned at Hamond, LA. A North Carolina State Incident Management Team (Hildreth) is assigned at Shriner Brookley Field, AL. A Planning Team (Terry) is supporting relief efforts at the Long Term Recovery Center in Orlando, FL.

Four Logistics Management Teams (Prevey, Humphrey, Jenkins and Floyd) have been mobilized; two to Meridian, MS, and one each to Maxwell Air Force Base, AL, and Barksdale Air Force Base, LA. A Florida State All Risk Incident Management Team (Hill) has been assigned to Biloxi, MS. The Team is providing logistical support to Florida Urban Search and Rescue teams. A Florida State Incident Management Team (Jones) has established a Logistics Staging Area at Stennis Space Center in MS. The Team is helping with distribution of relief supplies throughout southern Mississippi. National Park Service All Risk Teams are being assigned to assist with hurricane recovery.

### **EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:**

WILDHORSE, Salmon-Challis National Forest. This fire is 22 miles west of Mackay, ID in timber. Campers were evacuated from Wildhorse Campground. One outbuilding is threatened. Sustained wind driven runs, crowning and spotting were observed.

GREGORY, Boise National Forest. This fire is two miles southwest of Idaho City, ID in timber. Rapid rates of spread with active runs and some spotting were reported.

FRANK CHURCH, Payette National Forest. A Type 2 Incident Management Team (Reinarz) is assigned. This lightning caused Wildland Fire Use (WFU) incident, comprised of the Bear Creek, Root Creek, West Fork/Joe, Missouri Ridge and several other fires is 50 miles northeast of McCall, ID in timber. The fire is being managed to accomplish resource objectives. Commercial property, residences and historical structures remain threatened. Structure protection remains in place. Creeping and backing fire with four to ten foot flame lengths were observed along with occasional torching.

BIG DRY CANYON, Caribou-Tarhgee National Forest. This lightning caused Wildland Fire Use (WFU) incident is 10 miles west of Swan Valley, ID in timber. The fire is being managed to accomplish resource objectives. One historic cabin is threatened. Short torching crown runs were observed. This will be the last narrative report unless significant activity occurs.

VALLEY ROAD, Sawtooth National Forest. This fire is located 15 miles south of Stanley, ID in timber. Residences, commercial property, structures, workcenter, wildlife habitat, campgrounds and recreation areas are threatened. Evacuations near the fire have occurred. Extreme fire activity with spotting and rapid rates of spread was observed.

BLACK MOUNTAIN, Salt Lake Field Office, Bureau of Land Management. This fire is two miles north of Dell, UT in timber. Communication site and wildlife habitat are threatened. Torching and crowning with extreme rates of spread were reported.

### NORTHERN ROCKIES AREA INCIDENTS / LARGE FIRES:

SEEPAY #2, Flathead Agency, Bureau of Indian Affairs. A Type 2 Incident Management Team (Cowin) is assigned. This fire is two miles southwest of Perma, MT in timber. Residences and

commercial property remain threatened. Steep rugged terrain and heavy fuel loading are hampering containment efforts. Creeping surface fire with single and group torching was observed.

SIGNAL ROCK, Bitterroot National Forest. A Type 2 Incident Management Team (Turman) is assigned. The fire is 17 miles southwest of Philipsburg, MT in timber and is burning on both the Bitterroot and Beaverhead/Deerlodge National Forests. Structures continue to be threatened. Active fire behavior with crown runs and spotting was observed.

SELWAY-SALMON COMPLEX, Bitterroot National Forest. A Fire Use Management Team (Cook) is assigned. This lightning caused Wildland Fire Use (WFU) complex, comprised of the El Capitan, Wapiti, Beaverjack, Reynolds Lake and numerous other fires, is 26 miles southwest of Hamilton, MT in timber. This complex, burning on both the Salmon-Challis and Bitterroot National Forests, is being managed to accomplish resource objectives. A historic ranger station, a work center and a lookout remain threatened. Structure protection remains in place. Magruder road is open to restricted travel. Fire behavior limited to creeping and slow surface spread.

LONG BLACK COMPLEX, Clearwater National Forest. This complex, comprised of the Long Creek and Black Canyon fires, is 38 miles northeast of Pierce, ID in timber. Steep terrain, numerous snags and limited access continue to hamper containment efforts. Fire activity increased due to lower humidity with torching observed.

ROCKIN, Bitterroot National Forest. This fire is 10 miles northwest of Darby, MT in timber. Steep, rocky terrain difficult to access and narrow canyons are impeding control efforts. Active fire behavior caused by windy conditions produced group torching and short crown runs.

POWELL WFU COMPLEX, Clearwater National Forest. This lightning caused Wildland Fire Use (WFU) complex comprised of Big Sands, Sponge, and several smaller fires is 45 miles southwest of Missoula, MT in timber. This complex is being managed to accomplish resource objectives. Creeping, smoldering and torching were reported. This will be the last narrative report unless significant activity occurs.

### NORTHWEST AREA INCIDENTS / LARGE FIRES:

GRANITE COMPLEX, Wallowa-Whitman National Forest. A Type 2 Incident Management Team (Lunde) is assigned. This lightning caused Wildland Fire Use (WFU) incident is 30 east of Enterprise, OR in timber and grass. This complex is being managed to accomplish resource objectives. Fire spread is primarily through grass with pockets of heavy fuels. Burn out operations are ongoing.

## **OUTLOOK:**

**Fire Weather Watches:** For southwest Montana due to gusty winds, high temperatures, and low relative humidity. For Sunday afternoon across central and east central Nevada due to gusty winds and low relative humidity.

**Weather Discussion:** A low pressure system moving across the Pacific Northwest and Northern Rockies today will bring windy weather to much of the intermountain West. Along the Gulf Coast, mostly sunny weather is expected along with a few thunderstorms. Highs will be in lower 90s, but the heat index will be up to 105.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Northern Rockies Windy, turning cooler, more humid, scattered showers	West of divide: 70s. East of divide: 81 to 94. North Dakota: 83 to 87.	West of divide: 25 to 50%. East of divide: 10 to 20%. North Dakota: 25 to 45%.	West of divide: West 10 to 20 mph. East of divide: South to north 10 to 20 mph. North Dakota: Southeast 10 to 20 mph.
Northern California Mostly sunny, areas of fog along and near the coast and thin high clouds in the north.	From 60s near the ocean to the lower 90s warmest inland areas.	From 13 to 30% driest inland areas, 40% or higher along the coast.	Afternoon wind southwest to northwest 5 to 15 mph and locally gusty, except in the northeast there will be areas of 6 to 18 mph with gusts to around 30 mph.
Southern California Morning low clouds and fog into the coastal valleys, otherwise mostly sunny.	80 to 95 mountains. 90 to 100 valleys. 95 to 105 upper deserts. 105 to 115 lower deserts.	5 to 15%.	Southeast to southwest 5 to 15 mph.
Western Great Basin Mostly sunny.	North valleys: 74 to 90. South valleys: 84 to 104. Mountains: 65 to 87.	North valleys: 6 to 19%. South valleys: 9 to 16%. Mountains: 10 to 22%.	West to southwest 10 to 25 mph with afternoon gusts 25 to 40 mph.
Rocky Mountain Widely scattered mainly afternoon thunderstorms. Isolated dry lightning in northern portions.	80s to mid 90s at lower elevations, with 70s to lower 80s in the mountains.	RH below 15%, over the lower elevations of northern Wyoming, with less than 15% to 20% across southwest Wyoming and northwest Colorado.	West to southwest winds of 10 to 20 mph over western Wyoming and southerly winds across eastern plains. Variable 5 to 15 mph elsewhere.
