# INCIDENT MANAGEMENT SITUATION REPORT <br> TUESDAY, JULY 25, 2006 - 0530 MDT <br> NATIONAL PREPAREDNESS LEVEL 4 

## CURRENT SITUATION:

Initial attack activity was heavy nationally with 548 new fires reported. Twenty-one new large fires (*) were reported, seven each in the Northwest and Western Great Basin Areas, three each in the Northern Rockies and Southern California Areas, and one in the Northern California Area. Seventeen large fires were contained, five in the Western Great Basin Area, four in the Northwest Area, three in the Southern Area, two each in the Northern Rockies and Eastern Great Basin Areas, and one in the Southern California Area. Very high to extreme fire indices were reported in Arizona, California, Colorado, Minnesota, Montana, Nebraska, Nevada, North Dakota, Oregon, South Dakota, Wisconsin, Washington, Alaska, Arkansas, Oklahoma, Idaho and Wyoming.

Two MAFFS C-130 aircraft and support personnel from the $145^{\text {th }}$ Airlift Wing, Charlotte, North Carolina have been deployed to Klamath Falls, Oregon. Major Dan Cloninger, NCANG is the Mission Commander.

## SOUTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

HORSE, Cleveland National Forest. A Type 2 Incident Management Team (Garwood) is assigned. A Type 1 Incident Management Team (Wilcock) has been ordered. This fire is five miles south of Alpine, CA in chaparral. Several communities are threatened and a mandatory evacuation is directed for the Curve Acre community. Heavy fuel loading and inaccessible terrain are hampering containment efforts. A run with a large active fire front with spotting was reported.

BALD, Los Padres National Forest. A Type 2 Incident Management Team (Kaage) is assigned. This fire is 20 miles west of Cuyama, CA in chaparral. Watershed and wildlife habitat is threatened. Poor access continues to hinder containment efforts.

EMPIRE, Los Angeles County Fire Department. This fire is on Catalina Island, CA in brush. Residences, power lines and a camp site are threatened. Steep terrain and poor access are hindering containment efforts. Backing fire with creeping and isolated runs was reported.

HEART-MILLARD, San Bernardino National Forest. A Type 1 Incident Management Team (Molumby) is assigned. A transfer of command back to the local unit will occur today. This fire is eight miles southeast of Big Bear Lake, CA in timber and brush. Steep terrain and poor access continue to hamper containment efforts. Creeping and smoldering were observed.

OAK, San Bernadino National Forest. A Type 1 Incident Management Team (Molumby) will assume command today. This fire is 20 miles northeast of Temecula, CA in brush. Creeping and small runs were reported.

WHISPERING PINES, Joshua Tree National Monument. A Type 2 Incident Management Team (Kerr) is assigned. This fire is 16 miles west of Twentynine Palms, CA in brush. Watershed and desert tortoise habitat is threatened. Steep terrain continues to hamper containment efforts. Minimal fire behavior was reported.

TUFFNUT COMPLEX, Mohave National Park. This fire is 54 miles west of Needles, CA in grass. Includes multiple lightning fires within the Mojave National Preserve. Steep terrain, remote location and high temperatures are hampering containment efforts.

MT. PINOS LIGHTNING COMPLEX, Los Padres National Forest. A Type 1 Incident Management Team (Feser) is assigned. This complex consisting of the previously reported Scott fire, and the Ridge, Boy and Wood incidents, and 20 additional lightning fires. This Complex is two miles north of Frazier Park, CA in timber and brush. The communities of Frazier Park, Lake of the Woods, Pine Mountain Club, Lebec and a 500 kilovolt line supplying the Los Angeles Basin are threatened. Steep terrain and heavy fuel loading are hindering containment efforts. Active fire behavior with a moderate rate of spread was reported.

RICO, San Benito-Monterey Unit, California Department of Forestry and Fire Protection. This fire is nine miles east of San Ardo, CA in chaparral with scattered oak. Numerous homes and ranches are threatened. Increased fire behavior with significant upslope runs was reported.

COYOTE, Riverside Unit, California Department of Forestry and Fire Protection. This fire is near Anza, CA in chaparral. Difficult access is hampering containment efforts.

## NORTHWEST AREA INCIDENTS/LARGE FIRES:

BLACK CRATER, Deschutes National Forest. A Type 2 Incident Management Team (West) has been ordered. This fire is seven miles southwest of Sisters, OR in timber. Campground and trailhead evacuations are in place. Timber, campgrounds and spotted owl habitat are threatened.

TRIPOD, Okanogan-Wenatchee National Forest. A Type 2 Incident Management Team (LaFave) has been ordered. This fire is ten miles northeast of Winthrop, WA in timber. Recreational and timber resources are threatened. Rugged terrain and heavy amounts of dead and down fuel is hindering containment efforts. Extreme fire behavior with short range spotting was reported.

MAXWELL, Ochoco National Forest. A Type 2 Incident Management Team (Reed/Schulte) has been ordered. This fire is six miles south of Mitchell, OR in logging slash. Steep terrain is hampering containment efforts. Timber resources and the Mitchell watershed are threatened. Running and spotting were observed.

HAPPY VALLEY, Vale District, Bureau of Land Management. A Type 2 Incident Management Team (Paul) will assume command today. This fire is three miles northwest of Rome, OR in grass and brush. Strong wind gusts contributed to extreme fire behavior. Spotting was reported.

FOSTER GULCH, Wallowa-Whitman National Forest. A Type 1 Incident Management Team (Anderson) has been ordered. The Team will also manage the McClean Creek fire. This fire is six miles southeast of Halfway, OR in grass and brush. Numerous residences and outbuildings are threatened. Gusty winds contributed to very active fire behavior.

MCCLEAN CREEK, Wallowa-Whitman National Forest. This fire is one mile west of Oxbow, OR in grass and timber. Active fire behavior was reported.

TIN PAN, Okanogan-Wenatchee National Forest. A transfer of command has occurred from a Fire Use Management Team (Furlong) back to the local unit. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is seven miles west of Lucerne, WA in timber. Active fire behavior with spotting, backing, torching and crowning was observed.

GENEVA \#3, Ochoco National Forest. This fire is three miles northwest of River Ranch, OR in grass and brush. Cultural resources and fisheries habitat are threatened. Running and short range spotting was observed.

## WESTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

NEW YORK PEAK, Winnemucca Field Office, Bureau of Land Management. This fire is 80 miles northwest of Winnemucca, NV in sagebrush, grass and timber understory. Grazing allotments are threatened. Inaccessibility is hampering containment efforts. Spotting, running and torching were observed.

SOLDIER, Winnemucca Field Office, Bureau of Land Management. This fire is 50 miles southwest of Denio, NV in tall grass and brush. Limited access is hampering containment efforts. Running fire activity was observed.

TRIDENT, Winnemucca Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Thomas) is assigned. This fire is nine miles southeast of Denio, NV in grass and mountain mahogany. Limited access and heavy fuel loading are hampering containment efforts. Fire activity included torching in interior pockets.

HAMBLY, Ely District, Bureau of Land Management. This fire is 13 miles northeast of Hiko, NV near Big Rocks Wilderness in pinyon pine and sagebrush. Active fire behavior with running was reported.

RANGE, Ely Field Office, Bureau of Land Management. This fire is 16 miles southeast of Hiko, NV in brush and grass. Desert tortoise habitat is threatened. Running and torching were observed. Rugged terrain and inaccessibility are hampering containment efforts.

MARBLE, Nevada Division of Forestry, Northern Region. This fire is 20 miles west of Wells, NV in grass and sagebrush. A ranch, outbuildings and powerline are threatened. Active fire behavior with wind driven runs and torching was observed.

9 MILE, Elko District, Bureau of Land Management. This fire is 36 miles southwest of Montello, NV in grass and sagebrush. Grazing allotments and range improvements are threatened. Inaccessibility continues to hinder containment efforts. Short runs and isolated torching were observed.

SPRINGER, Ely District, Bureau of Land Management. This fire is 50 miles east of Nellis Air Force Base, NV in brush. Archeological sites are threatened. Fire activity included uphill runs.

MOON VALLEY 2, Battle Mountain Field Office, Bureau of Land Management. This fire is 40 miles southeast of Battle Mountain, NV in grass. Moderate fire activity was reported. No further information was received.

TROY PEAK, Humboldt-Toiyabe National Forest. This fire is eight miles north of Adaven, NV in timber. Backing fire and smoldering were reported. The fire is being monitored from the air. No further information was received.

HALL, Battle Mountain Field Office, Bureau of Land Management. This fire is 25 miles southeast of Battle Mountain, NV in sagebrush, grass, pinyon pine and juniper. No new information was reported.

## EASTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

SUNSET CANYON, Fish Lake National Forest. A Type 2 Incident Management Team (Lund) is assigned. This fire is 55 miles north northwest of Richfield, UT in timber, pinyon pine, oak brush and mahogany. Communications towers and some residences are threatened. Steep terrain, heavy fuel loading and inaccessibility are hindering containment efforts. Active fire behavior with group torching, significant uphill runs and long range spotting was reported.

PAIUTE FORT, Arizona Strip Field Office, Bureau of Land Management. This fire is in the Paiute Wilderness 30 miles south southwest of St. George, UT in pinyon pine, juniper and brush. Structures and a communications tower are threatened. Difficult terrain and inaccessibility are hindering containment efforts. Active fire behavior with torching and small runs was reported.

ARCO, Idaho Falls District. Bureau of Land Management This fire is 7 miles north of Arco, ID in timber and understory. Big horn sheep habitat and the Natural Arch trail are threatened. Steep, inaccessible terrain is hampering containment efforts. Isolated torching and creeping and smoldering were observed.

ELKHORN, Salmon-Challis National Forest. A Type 2 Incident Management Team (Morcom/Lunde) is assigned. This fire is six miles northeast of North Fork, ID in timber. Steep terrain continues to hinder containment efforts. Minimal fire behavior with burning limited to small pockets of fuel on the interior was reported.

QUARTZ CREEK, Payette National Forest. A Type 2 Incident Management Team (Haskins/Johnson) is assigned. This fire is five miles north of Yellowpine, ID in timber. Critical
fisheries habitat is threatened. Steep, rugged terrain continues to hinder containment efforts. Individual tree torching and some spotting were reported.

TRAILHEAD, Sawtooth National Forest. This fire is ten miles southwest of Stanley, ID in timber. The fire is burning on the western edge of the Sawtooth Wilderness. Steep, rugged terrain continues to impede containment efforts. Minimal fire activity consisting of isolated torching, creeping and smoldering was reported.

DUNCE, Payette National Forest. A Fire Use Management Team (Hahnenberg) is assigned. The Team is also managing the Lick Creek WFU. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 31 miles east of Edwardsburg, ID in cheatgrass.

LICK CREEK, Payette National Forest. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 21 miles northwest of McCall, ID in timber. Several structures within the Ponderosa campground are threatened. Minimal fire behavior was reported.

JIM CREEK, Bridger Teton National Forest. A Fire Use Management Team (Weldon) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 24 miles north of Pinedale, WY in subalpine fir, spruce and pine. Low intensity surface backing fire was reported.

## SOUTHWEST AREA INCIDENTS/LARGE FIRES:

GRAN, Tonto National Forest. A Type 1 Incident Management Team (Whitney) is assigned. This fire is nine miles northeast of Rio Verde, AZ in grass and chaparral. Remote access and steep terrain are hampering containment efforts. Fire behavior was limited due to precipitation.

JOES, Phoenix Field Office, Bureau of Land Management. This fire is 40 miles north of Phoenix, AZ in tall grass and brush. Minimal fire activity was observed.

CIBOLA, Cibola National Wildlife Refuge. This fire is 42 miles southwest of Yuma, AZ in chaparral and salt cedar. No new information was reported. This will be the last report unless new information is received.

TOROWEEP, Grand Canyon National Park. This fire is 57 miles west northwest of Grand Canyon Village, AZ in short grass, pinion pine, and juniper. No new information was reported.

STONE, Fort Apache Agency, Bureau of Indian Affairs. This fire is 16 miles northwest of Whiteriver, AZ in timber and chaparral. No new information was reported.

RIM, Tonto National Forest. This fire is 60 miles southeast of Flagstaff, AZ. in timber and grass understory. No new information was reported.

ROCKY MOUNTAIN AREA INCIDENTS/LARGE FIRES:
LITTLE VENUS, Shoshone National Forest. A Type 2 Incident Management Team (Smith) is assigned. This fire is 30 miles west of Meeteetse, WY in bug-killed spruce and heavy down fuels. A historic cabin continues to be threatened and structure protection measures are in place. Active fire behavior with torching and spotting was observed.

SOUR PATCH, Rio Blanco County. This fire is 20 miles northwest of Meeker, CO in pinyon pine, juniper, sagebrush and grass. Torching within the perimeter was observed. No further information was received.

BOMBER BASIN, Shoshone National Forest. This fire is 15 miles south of Dubois, WY in spruce and Douglas fir. Moisture from passing thunderstorms assisted containment efforts. Minimal fire behavior with smoldering and creeping was observed.

NORTHERN ROCKIES AREA INCIDENTS/LARGE FIRES:
PACKER GULCH, Southwestern Land Office, Montana Department of Natural Resources and Conservation. A Type 2 Incident Management Team (Kusicko) is assigned. This fire is 11 miles northwest of Drummond, MT in timber. Residences continue to be threatened. Rugged terrain is hampering containment efforts. Creeping surface fire with short range spotting and torching was reported.

SOUTH PINE, Gallatin National Forest. A Type 2 Incident Management Team (Hall) is assigned. The fire is 13 miles south of Livingston, MT in timber. Trail bridges, campgrounds and a church camp are threatened. Steep, rugged terrain and inaccessibility are impeding containment efforts. Light showers limited fire behavior to creeping and smoldering.

JUNIPER, Montana Department of Natural Resources \& Conservation. This fire is 10 miles south of Roundup, MT in grass, sage and timber understory. Running, torching and spotting were observed.

## NORTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

UNCLES, Klamath National Forest. A Type 2 Incident Management Team (Sinclear) is assigned. This fire is 18 miles east northeast of Orleans, CA in timber and understory. Steep terrain is hampering containment efforts. Backing fire and upslope runs were reported.

CARIBOU COMPLEX, Klamath National Forest. A Wildland Fire Use Management Team (Perkins) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 10 miles southeast of Cecilville, CA in timber. This complex consists of the Caribou and Moraine fires. A trail closure is in effect for the Caribou Lakes area. Rain showers moderated fire activity.

BUMP, Modoc National Forest. This fire is near Clear Lake, CA in grass and juniper. Single tree torching was reported. No further information was received.

## EASTERN AREA INCIDENTS/LARGE FIRES:

CAVITY LAKE, Boundary Waters Canoe Area Wilderness, Superior National Forest. A Type 1 Incident Management Team (Lohrey) is assigned. This fire is 44 miles northeast of Ely, MN in timber and blowdown. Recreational areas on the east side of the fire are being reopened, however the threat to residential and commercial structures remains. Heavy fuel loading and difficult access continue to hinder containment efforts. Lowered fire activity with smoldering and creeping were reported.

TURTLE LAKE, Boundary Waters Canoe Area Wilderness, Superior National Forest. A Fire Use Management Team (Svalberg) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 15 miles east of Ely, MN in timber. Light precipitation assisted in containment efforts. Limited fire behavior with creeping and smoldering and individual tree torching was observed.

## OUTLOOK:

Weather Discussion: Hot and dry conditions will continue over much of the West. Thunderstorms, initially dry, will develop once again over much of the northwest quarter of the country. Further south, mainly wet thunderstorms will continue over the Southwest, southern California, and southern portions of the Great Basin. In addition, windy conditions will develop over portions of the Northwest and Northern Rockies. Hot, dry, and windy conditions will continue over the central and southern Plains.

| Geographic Area Weather | High Temperatures | Minimum Relative Humidity | Wind |
| :---: | :---: | :---: | :---: |
| Southern California Area Patchy morning low clouds and fog coastal areas, otherwise partly cloudy with scattered showers and thunderstorms mainly over the mountains and deserts. | 85 to 100 mountains. 100 to 110 valleys. 100 to 110 upper deserts. 110 to 120 lower deserts. | 40 to $60 \%$ coastal areas. <br> 20 to 40\% valleys. <br> 20 to $40 \%$ mountains. <br> 15 to $30 \%$ deserts. | Southeast to southwest 5 to 15 mph . |
| Northwest Area <br> Sunny. Chance scattered thunderstorms primarily across southwest and eastern Oregon. | Mostly 80s and 90s. | West of Cascades: generally $40 \%$ north to $25 \%$ south. <br> East of Cascades: 10 to $25 \%$. | West to northwest 5 to 15 mph except along south Oregon coastal strip north 25 to 30 mph . |
| Western Great Basin Area Partly to mostly sunny with isolated to scattered showers and thunderstorms during the afternoon and evening. The driest storms will be across western Nevada. | Northern valleys: 91 to 104. <br> Southern valleys: 97 to 118. <br> Northern mountains: 82 to 94 . <br> Southern mountains: 83 to 88. | Northern valleys: 7 to 26\%. <br> Southern valleys: 11 to 19\%. <br> Northern mountains: 19 to $33 \%$. <br> Southern mountains: $19 \text { to } 24 \% \text {. }$ | Southwest at 10 to 15 mph along the Sierra Front, variable elsewhere at 10 mph or less, stronger gusts near thunderstorms. |
| Eastern Great Basin Area Idaho, Bridger-Teton: Partly cloudy with isolated afternoon showers and thunderstorms. Northern Utah: Partly cloudy with widely scattered showers and thunderstorms. <br> Southern Utah, Arizona Strip: Partly cloudy with isolated/widely scattered showers and thunderstorms. | Idaho, Bridger-Teton: 75 to 85 mountains, 85 to 100 valleys. <br> Northern Utah: 77 to 87 mountains, 88 to 98 valleys, <br> Southern Utah, Arizona Strip: 77 to 90 mountains 90 to 108 valleys, 109 to 119 low deserts. | Idaho, Bridger-Teton: 18 to $23 \%$ mountains, 13 to $20 \%$ valleys. Northern Utah: 24 to $32 \%$ west, 15 to $23 \%$ east. <br> Southern Utah, Arizona Strip: 22 to $32 \%$ mountains, 12 to $21 \%$ valleys. | Idaho, Bridger-Teton: <br> West/northwest 10 mph . <br> Northern Utah: <br> upslope/upvalley 5 to 10 <br> mph in the west, <br> Northeast 10 to 15 mph in the east. <br> Southern Utah, AZ Strip: upslope/upvalley 5 to 10 mph in the west, <br> Northwest 10 to 15 mph in the east. |
| Southwest Area <br> Partly cloudy and not as hot. Widely scattered to scattered wet thunderstorms across Arizona and western New Mexico, with isolated storms eastern New Mexico and west Texas. | 90 to near 110 lower elevations. 70 to 90 in the higher terrain. | 15 to $25 \%$ lower elevations. 25 to $35 \%$ higher terrain. | Variable to west 5 to 15 mph with locally higher gusts Arizona and western New Mexico. Southerly 10 to 20 mph eastern New Mexico and west Texas. |
| Rocky Mountain Area Partly cloudy with isolated to scattered thunderstorms. | Upper 80s to mid 90s lower elevations, with 70s in the mountains. | 15 to $25 \%$, except greater than 30\% higher elevations. | Variable directions at 5 to 15 mph . |

| Geographic Area Weather | High <br> Temperatures | Minimum Relative Humidity | Wind |
| :---: | :---: | :---: | :---: |
| Northern Rockies Area Hot conditions with some improvement in humidity. Chance of isolated afternoon and evening thunderstorms. | West of divide: 90 to 100 . <br> East of divide: 94 to 102. <br> North Dakota: 90 to 97. | West of divide: 20 to 25\%. <br> East of divide: 16 to 22\%. <br> North Dakota: 20 to 30.\% | West of divide: West 3-8 mph. <br> East of divide: Variable 3 to 8 mph . <br> North Dakota: Northwest 5 to 15 mph . |
| Northern California Area Isolated afternoon thunderstorms, mainly in the mountains of the eastern half of the area | 70s coast, 80 s and 90s mountains, and upper 90s to 112 warmest inland areas. | 12 to $25 \%$ driest inland areas. | SE-SW 5 to 10 mph with afternoon gusts to 20 mph, stronger east of the Cascade-Sierra crest. |
| Alaska Area <br> Partly cloudy across northern third of state. Mostly cloudy with rain showers across southern portion. A chance of isolated thunderstorms along the AlaskaCanada border and northwest Alaska. | Upper 50s to 60s. Low 70s in eastern interior. | 35 to $45 \%$ in eastern interior and west/southwest coast. Above 45\% elsewhere. | East to southeast at 10 to 20 mph . |
| Eastern Area <br> Scattered showers and thunderstorms over the eastern $2 / 3$ of the Great Lakes as well as the western and northern Northeast states. A few showers and storms across the southern Mid-Atlantic states. Fair elsewhere. | 78 to 84 over the northeastern Great Lakes and northern Northeast states. 90 to 96 over Iowa, Missouri, and southern Illinois. 86 to 92 elsewhere. | 31 to $36 \%$ across the northwest Great Lakes as well as Missouri and southern Illinois. 36 to 46\% across the MidAtlantic and southwestern Great Lakes. Greater than 46\% elsewhere. | South to southwest at 10 to 20 mph across the south central and southeastern Great Lakes. Light to moderate winds elsewhere. |
| Southern Area No information reported. |  |  |  |
