Predictive Services Discussion: Windy conditions in combination with thunderstorms this week mainly over the Great Basin. Windy conditions will continue today over portions of California, eastern Oregon, the Great Basin, western Wyoming and southwest Montana. Thunderstorms will develop over the Northwest and the Great Basin eastward. The driest storms will likely be across in eastern Oregon, the Great Basin, and western Wyoming. Cooler conditions and higher relative humidity will begin to increase over the Northwest and Northern California; showers will also increase west of the Cascades and in northwest California.
