# National Interagency Coordination Center Incident Management Situation Report Thursday, July 19, 2007-0530 MDT <br> National Preparedness Level 5 

| National Fire Activity |  |
| :--- | :--- |
| Initial attack activity: | Heavy (412 new fires) |
| New large fires: | 23 (*) $^{*}$ |
| Large fires contained: | 11 |
| Uncontained large fires: | 71 |
| Area Command Teams committed: | 1 |
| NIMOs committed: | 2 |
| Type 1 IMTs committed: | 7 |
| Type 2 IMTs committed: | 23 |
| Fire Use Teams committed: | 4 |

** Uncontained large fires do not include WFU or confine/contain incidents. **
A NIMO Team (Ferguson) is assigned as a planning and operational group in support of the National MultiAgency Coordinating Group at Boise, ID.

## Western Great Basin Area (PL 5)

New fires: 53

New large fires: 10
Uncontained large fires: 23
Area Command Teams: 1
Type 1 IMTs committed: 3
Type 2 IMTs committed: 3
Area Command Team (Loach) assigned to manage large fires on the Elko District, BLM.
Hawken, Humbolt-Toiyabe NF. IMT1 (Martin) and IMT 2 (Whalen). Four miles southwest of Reno, NV. Brush, grass and timber. Backing fire with torching. Numerous structures and power lines remain threatened.

Boo Hoo Complex, Elko Field Office, BLM. IMT 1 (Molumby). Twenty miles south of Elko, NV. Brush and grass. Active fire behavior with torching, running and spotting. State Highway 278 closed due to smoke.

Red House Complex (5 fires), Elko Field Office, BLM. IMT 2 ordered. Twenty miles north of Carlin, NV. Brush and grass. Wind driven fire behavior with shifting columns. Structures threatened.

Mendive, Elko Field Office, BLM. Fifty-eight miles northwest of Wells, NV. Brush, grass and juniper. Running, torching, spotting.

Winecup Complex (11 fires), Elko Field Office, BLM. IMT 1 (Broyles). Forty-two miles northeast of Wells, NV. Includes previously reported HD, Scott Creek LnD and Black Mountain fires. Brush and grass. Extreme fire behavior. Multiple communities, highways, railroads, radio towers and power lines threatened.

Cathedral, Humboldt-Toiyabe NF. IMT 2 (Woychak). Twenty-five miles southwest of Ely, NV. Timber litter, brush, grass and juniper. Extreme fire behavior with running and crowning.

Hepworth Complex (2 fires), Elko Field Office, BLM. IMT 2 (Saleen). Ten miles north of Wells, NV. Includes previously reported Stevens Fire. Grass, brush, juniper and hardwoods. Active fire behavior. Structures, power lines and railroads threatened.

Tippets, Ely Field Office, BLM. Fifty-eight miles northwest of Ely, NV. Brush, grass and juniper. Extreme fire behavior.

Dun Glen, Winnemucca Field Office, BLM. Ten miles southwest of Winnemucca, NV. Pinyon pine, juniper, brush and grass. No new information.

Barrel Springs, Winnemucca Field Office, BLM. Fifteen miles south of Winnemucca, NV. Pinyon pine, juniper, brush and grass. Isolated torching and running. Structures threatened.

Red Hills, Winnemucca Field Office, BLM. Seventeen miles east of Paradise Valley, NV. Brush and grass. Running and creeping.

Kelly Creek, Winnemucca Field Office, BLM. Thirty miles southeast of Paradise Valley, NV. Brush and grass. Moderate fire behavior. Reduction in acreage due to more accurate mapping.

Raven, Battle Mountain Field Office, BLM. Forty-five miles south of Battle Mountain, NV. Brush and grass. Moderate fire behavior. Temporary closure of State Highway 305 due to smoke impacting roadway.

Dunphy, Battle Mountain Field Office, BLM. Three miles southwest of Dunphy, NV. Timber, sage and grass. No new information.

Cain Mountain, Battle Mountain Field Office, BLM. Forty-five miles south of Battle Mountain, NV. Short grass and slash. Extreme fire behavior with running and spotting. Structures threatened.

Selenite, Winnemucca Field Office, BLM. Eleven miles southeast of Gerlach, NV. Brush, grass and juniper. Torching and smoldering. Reduction in acreage due to more accurate mapping.

Petan Wilson Fork, Elko Field Office, BLM. Seventy miles northwest of Elko, NV. Brush and grass. Wind driven fire.

Sand Pass, Western Nevada Agency, BIA. Fifty miles northeast of Reno, NV. Brush and grass. Spotting and running. Power lines and railroad tracks threatened.

Marge, Elko Field Office, BLM. Ten miles west of Elko, NV. Brush and grass with pinion and juniper. Extreme fire behavior. Structures and Interstate 80 threatened.

Willow Creek Ridge, Elko Field Office, BLM. Eighty miles northwest of Elko, NV. Brush, pinyon and grass. Wind driven fire behavior.

Twin Bridges, Elko Field Office, BLM. Thirty miles southwest of Elko, NV. Brush and grass. Wind driven fire behavior.

Bob's Flat 3, Elko Field Office, BLM. Fifteen miles west of Carlin, NV. Brush and grass. Extreme fire behavior. Railroads and power lines threatened.

Sansinena, Elko Field Office, BLM. Twenty miles west of Carlin, NV. Brush and grass. Active fire behavior. Power lines and railroad infrastructure threatened. Intermittent closure of Interstate 80 due to smoke.

## Eastern Great Basin Area (PL 5)

New fires:
New large fires:
Uncontained large fires:
Type 2 IMTs committed:
Fire Use Teams committed:

Dakota Hill (five fires), Zion NP. IMT 2 (Sciacca). Twelve miles north of Springdale, UT. Hardwood litter, dead and down brush. Active fire behavior with running, torching and spotting. Campsites and communities evacuated. Trail closures in effect.

Gem County, Boise District, BLM. Two miles southwest of Sweet, ID. Brush. Active fire behavior. Residences evacuated.

East Zone Complex (three fires), Payette NF. IMT 2 (Heintz). Twenty-five miles northeast of McCall, ID. Timber litter. Active fire behavior with several new starts. Numerous structures remain threatened.

Tongue Complex (three fires), Boise District, BLM. IMT 2 (Johnson). Forty-five miles south of Silver City, ID. Brush, grass and juniper. Running. Structures remain threatened.

Rowland, Twin Falls District, BLM. Nine miles southwest of Murphy Hot Springs, ID. Grass and brush. Extreme fire behavior. Structures remained threatened.

Elk Mountain, Twin Falls District, BLM. Twenty-three miles northwest of Jackpot, NV. Grass and brush. Extreme fire behavior with running and spotting. Power lines, community and residences threatened.

Twin Buttes, Idaho National Laboratory, DOE. Four miles northeast of Atomic City, ID. Hardwood slash, brush and grass. Running fire. Structures threatened. U.S. Highway 20 closed.

Arkansas, Idaho Falls District, BLM. Twenty-eight miles southeast of Pocatello, ID. Grass, brush and juniper. Torching and short crown runs. Structures and community water source threatened.

Black Pine 2, Sawtooth NF. IMT 2 (Grant). Started on private land eleven miles southeast of Malta, ID. Grass, brush and juniper. Interior torching and backing fire. Structures remain threatened.

Van Horn, Salmon-Challis NF. Fifteen miles north of Challis, ID. Timber litter and downed logs. Torching, spotting and creeping. Structures remain threatened.

Monarch, Salt Lake Field Office, BLM. Twenty-eight miles northwest of Grantsville, UT. Timber and brush. Extreme fire behavior.

Bohannon, Idaho Falls District, BLM. Ten miles northeast of Salmon, ID. Timber litter. Creeping and smoldering. Last report unless significant activity occurs.

Garden Valley Complex, Boise NF. IMT 2 (Suwyn). Four miles northeast of Cascade, ID. Timber litter. Torching, spotting and creeping.

Smiths Crossing, Twin Falls District, BLM. Thirty-three miles southwest of Hollister, ID. Grass and brush. No further information received.

Milford Flat, Southwest Area, Utah State Division of Forestry Fire \& State Lands. Three miles north of Milford, UT. Grass and brush. Isolated torching, smoldering and creeping.

Gun Canyon, Twin Falls District, BLM. Seven miles east of Declo, ID. Grass and brush. Active fire behavior with running, torching and spotting. Power lines, radio towers and residences threatened.

Kate, Salt Lake Field Office, BLM. Fifteen miles south of Woodruff, UT. Grass and brush. Running.
Krassel Complex (four fires), Payette NF. FUMT (Perkins). Forty-four miles northeast of Yellowpine, ID. Grass, brush, timber litter and downed logs. Smoldering and creeping. Precipitation occurred over the fire area yesterday.

Wood Creek, Boise District, BLM. Eighteen miles southeast of Boise, ID. Grass and brush. No further information received.

Trapper Ridge, Boise NF. Four miles northeast of Graham Airstrip, ID. Hardwood litter. Torching, spotting and running. Last narrative report unless significant activity occurs.

Neola North, Uintah and Ouray Agency, BIA. Three miles north of Neola, UT. Brush and timber. No new information.

Salt Lick, Bridger-Teton NF. Twenty-five miles north of Pinedale, WY. Timber. No new information.

## Northern California Area (PL 3)

New fires:
New large fires:
Uncontained large fires:
Type 1 IMTs committed:
Type 2 IMTs committed:

Elk Complex (eight fires), Klamath NF. IMT 1 (Dietrich). Two miles east of Happy Camp, CA. Timber. Moderate fire behavior. Community of Happy Camp remains threatened. Precipitation occurred over the fire area yesterday.

Fletcher, Modoc NF. IMT 2 (Kaage). Twenty-nine miles north of Alturas, CA. Timber and grass. Moderate fire behavior with isolated torching and smoldering.

China-Back Complex (two fires), Klamath NF. IMT 2 (Walker). Twenty-five miles southwest of Yreka, CA. Timber and hardwood litter. Minimal fire behavior with creeping and smoldering. Structures remain threatened. Precipitation occurred over fire area yesterday.

# Predictive Services Discussion: Windy conditions will continue as the thunderstorm threat moves 

 northeast. Windy conditions will continue today over portions of southern California, the Great Basin, Northern Rockies and Wyoming. Thunderstorms will develop mainly in Washington, Montana, Wyoming and the Four Corner states, with the least precipitation on the west and southwest periphery of the storms. Cooler conditions with higher relative humidity will continue to move into the Northwest and Northern California particularly affecting the west side of the Cascades with light showers.
#### Abstract

Hazard Trees Snags (dead, standing trees without leaves or needles in the crowns) and other hazard trees present a significant hazard to wildland firefighters. Snags typically have much lower fuel moistures than live, green trees; and they burn more readily. In the process, they often throw spot fires far in advance of the main fire and often burn through more quickly than green trees, falling with little or no warning. Live, green trees have been weakened by insects, disease, weather, past fires, and age present equal hazard and can fall without warning.

- The risk of injuries from hazard trees increases during the night operational period when visibility is greatly reduced.
- While the cooler, nighttime period is generally a more effective time to gain control of wildfires, the increased risk from unseen falling snags and weakened live trees may limit the widespread use of crews at night in areas of dead and dying timber.
Environmental conditions that increase risk from hazard trees: Strong winds or erratic winds from storm cells. Night operations. Air operations - cargo drops, water or retardant drops, helicopter take off/landing, low-level flights. Steep slopes. Diseased or bug-killed areas.
- Things to consider when assessing the potential dangers of hazard trees: Trees have been burning for an extended period. High-risk tree species (those that are known for rot and shallow root systems) are in the area. Numerous downed trees. Dead or broken tips and limbs overhead. Accumulation of downed limbs. Tree decay, cavities, splits, cracks. Absence of needles, bark or limbs. Leaning or hung-up trees. Roots damaged by equipment or erosion.

Mitigation measures to take: Identify and flag all high-risk areas until the hazard has been removed. Keep personnel out of the high-risk areas until the hazard has been removed. Use saw teams and falling bosses. Establish lookouts. Plan a quick and safe escape route. Do not turn your back on a falling tree. Maintain situational awareness.
