Predictive Services Discussion: Low relative humidity and breezy conditions will develop across Kentucky and Tennessee today. Dry and windy weather will continue today from the high plains of Colorado and New Mexico eastward into Texas and Oklahoma. Strong wet thunderstorms are expected across northern Missouri into the southern Great Lakes region. Wetting rains and mountain snow will develop over the northern and central Rocky Mountain states west of the Continental Divide.

Topic of Choice

Six Minutes for Safety encourages firefighters to use the "Topic of Choice" days to discuss events or issues that have occurred in the past that might provide lessons for doing better, safer work today. Suggested websites to use as references include:

- The Interagency Investigation Review Database- Search this database to find historical documents from wildland fire incidents. The available documents include 24 and 48 hour reports, factual accident investigation reports, escaped prescribed fire reviews and more.

<http://www.wildfirelessons.net/IIRDB.aspx>

- SAFENET- Search recent submissions to find problems and solutions encountered in every aspect of Wildland fire.

<http://safenet.nifc.gov/safenet.nsf/>

- Safety Alerts- This site catalogues all the Safety Alerts sent by the NWCG Safety and Health Working Team over the last five years.

<http://safenet.nifc.gov/notice.nsf>

- Job Hazard Analysis Library- This web based fire JHA library was jointly developed by FFAST and Region 1 of the Forest Service. Numerous JHA's are posted on the site as well as instructions on how to prepare a JHA

http://www.fs.fed.us/r1/people/jha/jha_index_www.html

- After Action Reviews and Rollups- Lessons and practices which are distilled and distributed as knowledge products to the wildland fire community through the Wildland Fire Lessons Learned Center.

<http://www.wildfirelessons.net/AAR.aspx>

- Incident Toolbox- A collection of tactics, techniques and procedures that have proven to work in various parts of the country and on various types of incidents. Includes information on fuels, strategy, tactics, special safety and logistical concerns in any part of the country.

<http://www.wildfirelessons.net/Winning.aspx?Page=Overview>

- FireFit- FireFit is a program intended to provide the interagency wildland fire community with a comprehensive, easy-to-follow, fitness program with the ultimate goal of improving firefighter safety and health and reducing injuries.
