

**National Interagency Coordination Center
Incident Management Situation Report
Saturday, July 23, 2011 – 0530 MT
National Preparedness Level 2**

National Fire Activity

Initial attack activity:	Light (187 new fires)
New large fires:	10 (*)
Large fires contained:	6
Uncontained large fires: **	23
Area Command Teams committed:	0
NIMOs committed:	1
Type 1 IMTs committed:	1
Type 2 IMTs committed:	5

Nationally, there are 29 large fires being managed to achieve multiple objectives.

** Uncontained large fires include only fires being managed under a full suppression strategy.

Southern Area (PL 3)

New fires:	63
New large fires:	3
Uncontained large fires:	9
Type 2 IMTs committed:	3

Texas IMT 2 (Hannemann) is managing existing and new fires located in Texas state initial attack zones.

Honey Prairie, Okefenokee NWR. Florida IMT 2 (West). Five miles northeast of Fargo, GA. Southern rough. Minimal fire activity. Numerous residences threatened.

Simmons Road, North Carolina DFR. North Carolina IMT 2 (Brandon). IMT is also managing the Juniper Road fire. Nine miles northeast of Tar Heel, NC. Brush. Moderate fire activity.

Juniper Road, North Carolina DFR. Thirteen miles northeast of Rocky Point, NC. Brush. Minimal fire activity.

* **Poor Farm**, Texas Forest Service. Started on private land five miles west of Marfa, TX. Grass. Moderate fire activity.

Crowley, Texas Forest Service. Started on private land four miles southwest of Marfa, TX. Grass. Moderate fire activity.

NE Marfa, Texas Forest Service. Eight miles northeast of Marfa, TX. Grass and brush. Minimal fire activity.

* **Independence Creek**, Texas Forest Service. Started on private land eighteen miles south of Sheffield, TX. Grass. Minimal fire activity.

Adamsville, Texas Forest Service. Started on private land eight miles southwest of Evant, TX. Juniper and grass. No new information. Last report unless new information is received

Grasshopper, Wewoka Agency, BIA. Five miles southwest of Cromwell, OK. Hardwood litter. No new information.

SCU – Santa Clara Unit, Cal Fire

Predictive Services Discussion: Scattered wet and dry thunderstorms will develop across the southern and south central Rockies and the central Plains, pushing westward in southern Arizona. Scattered showers and wet thunderstorms will form across the Southeast. Scattered to widespread showers and wet thunderstorms in the northern Great Plains will push into the upper Mississippi Valley and Great Lakes region. Continued very hot over the central Plains and the Midwest.

Predictive Services Outlook products: <http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

Today's discussion is from the
Aviation Category.

AVIATION MISHAP RESPONSE ACTIONS

Having a written mishap response action posted and accessible to all employees is an important first step. Having a list of actions to follow will ensure that nothing is missed in a stressful, time-critical period. Response plans have to be briefed to all on the crew.

- Immediate, positive action is necessary. Any delay may affect someone's chances of survival.
- Conduct rescue operations keeping the following priorities in mind:
 - Preserve life. Rescuers first!!!
 - Do whatever is necessary to extricate injured occupants and to extinguish fires, keeping in mind the necessity of protecting and preserving evidence.
 - Document and/or photograph the location of any debris that must be disturbed in order to carry out rescues and/or fire suppression activities.
 - Secure the area. Treat the crash site as a crime scene. Arrange for security at the accident scene if necessary. Determine if hazardous materials were on the aircraft. Deny access except to credentialed officials and escorted media.
- Be aware that crash sites can be dangerous due to hazardous cargo, flammable and toxic fluids, sharp objects, disease, adverse terrain, hot/cold weather conditions, and fire.
- Exercise good judgment, utilize available protective devices and clothing, and use extreme caution when working near the wreckage site.
- Do not exceed your physical limitations.
- **Activity:** *Review your unit's mishap response plan with the crew. Consider practicing with a crash rescue drill or scenario.*
