National Interagency Coordination Center Incident Management Situation Report Saturday, July 30, 2011 – 0530 MT National Preparedness Level 2

National Fire Activity

Initial attack activity: Moderate (220 new fires)

New large fires: 4 (*)
Large fires contained: 3
Uncontained large fires: ** 18
Area Command Teams committed: 0
NIMOs committed: 1
Type 1 IMTs committed: 1
Type 2 IMTs committed: 5

Nationally, there are 24 large fires being managed to achieve multiple objectives.

Link to Geographic Area daily reports.

Southern Area (PL 3)

New fires:	22
New large fires:	2
Uncontained large fires:	12
Type 2 IMTs committed:	3

Texas IMT 2 (Hannemann) is managing existing and new fires located in Texas state initial attack zones.

Honey Prairie, Okefenokee NWR. Georgia IMT 2 (Floyd). Five miles northeast of Fargo, GA. Southern rough. Smoldering.

Simmons Road, North Carolina DFR. North Carolina IMT 2 (Brandon). IMT is also managing the Juniper Road fire. Fourteen miles southeast of Fayetteville, NC. Smoldering.

Juniper Road, North Carolina DFR. Thirteen miles northeast of Rocky Point, NC. Brush. Creeping and smoldering.

Stegall, Texas Forest Service. Twelve miles north of Sanderson, TX. Brush. Minimal fire behavior.

Magnolia, Texas Forest Service. Started on private land six miles southwest of Lakeway, TX. Brush. Minimal fire activity.

Colcord. Oklahoma DOF. One mile northeast of Colcord. OK. Grass. No new information.

Diamond Ridge, Oklahoma DOF. Four miles southeast of Cookson, OK. Hardwood litter. No new information.

Stickross Mountain, Oklahoma DOF. Two miles southeast of Tahlequah, OK. Hardwood litter. No new information.

Larson Land & Cattle, Oklahoma DOF. Three miles west of Hart, MO. Hardwood litter. No new information.

^{**} Uncontained large fires include only fires being managed under a full suppression strategy.

Mud Spring, Oklahoma DOF. Eight miles southeast of Stilwell, OK. Hardwood litter. No new information.

- * White Lightning, Oklahoma DOF. Twelve miles southeast of Stilwell, OK. Hardwood litter. No further information received.
- * **Stumper Flats**, Florida DOF. Eleven miles southeast of Palm Bay, FL. Southern rough. No further information received.

BMD - Battle Mountain District, BLM

Predictive Services Discussion: Scattered thunderstorms will extend from the Southwest into northern parts of the Great Basin. Scattered showers and thunderstorms will occur over much of the eastern half of the nation. Tropical Storm Don is expected to weaken as it traverses southern Texas. The excessive heat will push northwards into the Great Plains.

Predictive Services Outlook products: http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm

Today's discussion is from the Weather / Fire Behavior Category.

BASE ALL ACTIONS ON CURRENT AND EXPECTED FIRE BEHAVIOR

- Can the resources you are replacing give you a thorough briefing? What information will you want to get from resources you are replacing?
- Can you observe the area or use scouts? What information are the scouts looking for?
- Have escape routes and safety zones been thoroughly scouted? List some ways your crew will scout out an area before you begin working
- Are escape routes and safety zones marked for night use? How do you adjust marking safety zones and escape routes for night use?
- Have potential dangers been located and can they be dealt with? List some dangerous fire behavior you may encounter and how you would deal with it.
- Do you have access to weather and fire behavior forecasts? What is your unit's procedure for obtaining forecasts?
- To reduce risk, initiate the following:
 - Post lookouts.
 - Check communications.
 - Retreat if you have doubts about your escape routes or safety zones or it the situation becomes too complex. Discuss fires where you have adjusted your actions based on current and expected fire behavior.

How would you judge the fire season? (Above normal, below, or average.)
