

**National Interagency Coordination Center
Incident Management Situation Report
Tuesday, September 6, 2011 – 0530 MT
National Preparedness Level 3**

National Fire Activity

Initial attack activity:	Light (175 new fires)
New large fires:	20 (*)
Large fires contained:	9
Uncontained large fires: **	52
Area Command Teams committed:	0
NIMOs committed:	3
Type 1 IMTs committed:	4
Type 2 IMTs committed:	11

Nationally, there are 76 large fires being managed to achieve multiple objectives.

** Uncontained large fires include only fires being managed under a full suppression strategy.

[Link](#) to Geographic Area daily reports.

The Type 2 Incident Management Team (Ourada) will be released from Hurricane Irene recovery at Stewart Air Force Base in New York today.

Southern Area (PL 3)

New fires:	38
New large fires:	16
Uncontained large fires:	37
NIMOs committed:	1
Type 1 IMTs committed:	2

A NIMO (Kleinman) is assigned to provide support to existing and new fires in Texas.

Ferguson, Wichita Mountains NWR. IMT 1 (McGowan). Twelve miles northeast of Cache, OK. Timber. Active fire behavior. Residences threatened. Evacuations in effect.

Bastrop County Complex, Texas Forest Service. IMT 1 (Wilder). Six miles northeast of Bastrop, TX. Timber and grass. Active fire behavior. Numerous residences threatened. Evacuations in effect.

101 Ranch, Texas Forest Service. Eight miles west of Palo Pinto, TX. Grass. Minimal fire activity.

* **Spicewood**, Texas Forest Service. Five miles west of Lakeway, TX. Grass. Active fire behavior. Residences threatened.

Lateral West, Great Dismal Swamp NWR. Nine miles southeast of Suffolk, VA. Timber. Smoldering.

Hornets Tank, Texas Forest Service. Eleven miles northwest of Turkey, TX. Grass. No new information. Last report unless new information is received.

* **S839 Concord Robbins**, Texas Forest Service. Two miles northeast of Concord, TX. Grass. Active fire behavior. Evacuations in effect.

C491, Texas Forest Service. Nine miles east of Mart, TX. Grass. Moderate fire activity.

Lutherhill, Texas Forest Service. Seven miles northeast of LaGrange, TX. Grass. Moderate fire activity. Residences threatened. Evacuations in effect.

Ocean Bay, National Forests in Florida. Twenty-two miles northeast of Lake City, FL. Southern rough. Active fire behavior.

* **Moore**, Texas Forest Service. Four miles southwest of Gladewater, TX. Timber. Active fire behavior.

Cedar Ridge, Texas Forest Service. Seven miles southwest of Aquilla, TX. Grass. Moderate fire activity.

Picket Run, Texas Forest Service. Seven miles south of Bowie, TX. Grass. No new information. Last report unless new information is received.

Rick Ranch, Texas Forest Service. Twenty-four miles west of Junction, TX. Grass. Moderate fire activity. Residences threatened.

Crab Prairie, Texas Forest Service. Thirty-one miles northeast of College Station, TX. Timber. No new information.

Bailey, Texas Forest Service. Seven miles northeast of Alletown, TX. Grass. Moderate fire activity.

Delhi, Texas Forest Service. Eight miles north of Thompsonville, TX. Grass. Active fire behavior.

* **504**, Texas Forest Service. Eleven miles northeast of Grapeland, TX. Timber. Active fire behavior.

* **Union Chapel**, Texas Forest Service. One mile east of Wyldwood, TX. Grass. Evacuations in effect. No further information received.

* **Diana**, Texas Forest Service. Four miles west of Diana, TX. Timber. Active fire behavior. Residences threatened.

* **Three Horses**, Okmulgee Field Office, BIA. Five miles north of Weleetka, OK. Hardwood Litter. Active fire behavior. Structures threatened.

Horseshoe Bend, Texas Forest Service. Ten miles south of McGregor, TX. Grass. No new information. Last report unless new information is received.

495, Texas Forest Service. Eight miles north of Palestine, TX. Grass. Active fire behavior.

Naylor, Texas Forest Service. Five miles northwest of Knollwood, TX. Grass. Active fire behavior.

* **Caney Creek**, Oklahoma DOF. Five miles north of Sobol, OK. Timber. No further information received. Last report unless significant activity occurs.

Blue Hole, Oklahoma DOF. Five miles north of Broken Bow, OK. Timber. No further information received. Last report unless significant activity occurs.

3457 Road, Texas Forest Service. Eight miles northwest of Poolvile, TX. Grass. Minimal fire activity.

Cedar Truck Complex, Texas Forest Service. One mile west of Fort McKavett, TX. Grass. Minimal fire activity.

543, Texas Forest Service. One mile northeast of Warren City, TX. Timber. Active fire behavior.

* **Old Magnolia**, Texas Forest Service. Two miles southwest of White Oak, TX. Grass. Active fire behavior.

Clemanis, Texas Forest Service. Previously reported as incident 539 incident. Eight miles northeast of Gilmer, TX. Timber. Active fire behavior.

536, Texas Forest Service. Four miles southwest of Linden, TX. Timber. Moderate fire activity.

* **Walker Gap**, Oklahoma DOF. Eleven miles northeast of Sallisaw, OK. Hardwood Litter. No further information received.

Vaughn Creek, Arkansas Forestry Commission. Four miles southwest of Delight, AR. Timber. No new information. Last report unless new information is received.

* **Peters Chapel**, Texas Forest Service. Six miles northwest of Karnack, TX. Timber. Active fire behavior. Evacuations in effect.

Johnson Creek, Texas Forest Service. Two miles southwest of Price, TX. Timber. No new information. Last report unless new information is received.

Kennedy Road, Texas Forest Service. Three miles south of Kilgore, TX. Timber. Active fire behavior.

* **Sparkman**, Arkansas Forestry Commission. Two miles south of Sparkman, AR. Timber. No further information received.

* **Skyline**, Arkansas Forestry Commission. Eight miles southeast of Amity, AR. Timber. No further information received.

GWD – Glenwood Springs Field Office

Predictive Services Discussion: Widely scattered thunderstorms will develop over the central and southern Rockies under a building ridge of high pressure in the West. Surface high pressure will drape across most of the central US, bringing drier but cooler conditions from the Great Lakes and northern Plains to Texas. Remnants of Tropical Storm Lee will produce heavy rain and flooding over much of the Southeast and mid-Atlantic states.

Predictive Services Outlook products: <http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

Today's discussion is from the
LCES (Lookouts, Communication, Escape Routes, and
Safety Zones) Category.

LOOKOUTS

Lookouts are often better situated to notice the cumulative changes of fire behavior.

- Fire Order #5 says "Post lookouts when there is possible danger." Should you utilize lookouts at all times?
 - Lookouts should be posted at all times.

- What are you looking for when you are selecting a lookout location?
 - Choose a good vantage point, preferably with a good overview of the entire area where firefighters are located, including escape routes and safety zones.
 - Never rely exclusively on aircraft as your lookout.

- What are the desired qualities, capabilities, knowledge, and responsibilities of a lookout person?
 - Experienced firefighter.
 - Solid knowledge of fire behavior and ability to recognize and monitor other environmental hazards.
 - Knowledge of crew locations, escape and safety locations and trigger points.
 - Good communicator--keeps the crew advised of fire behavior changes, tracks weather trends and relays the information, informs crew of work progress and updates from the latest strategy and tactical briefings.
 - Monitors and accounts for all individuals within his/her assigned area at all times, and will notify others if breaks are needed.

- What is the necessary equipment for a lookout?
 - PPE, radio with extra batteries, compass, binoculars, belt weather kit, IAP, map, food, water and watch.
