# National Interagency Coordination Center <br> Incident Management Situation Report <br> Friday, August 10, 2012 - 0530 MT <br> National Preparedness Level 4 

#### Abstract

National Fire Activity Initial attack activity: New large fires: Large fires contained: Uncontained large fires: ** Area Command Teams committed: NIMOs committed: Type 1 IMTs committed: 4 Type 2 IMTs committed:12 ** Uncontained large fires include only fires being managed under a full suppression strategy. Link to Geographic Area daily reports.

Four MAFFS C-130 aircraft and support personnel from the $146^{\text {th }}$ Airlift Wing, Channel Islands (California Air National Guard), and the $302^{\text {nd }}$ Airlift Wing, Colorado Springs (US Air Force Reserve) are supporting wildland fire suppression operations out of Boise, ID.

## Eastern Great Basin Area (PL 4)

New fires:36
New large fires: ..... 1
Uncontained large fires: ..... 11
Area Command Teams committed: ..... 1
NIMOs committed: ..... 1
Type 1 IMTs committed: ..... 3
Type 2 IMTs committed: ..... 2

Whitney's Area Command Team has been assigned to manage all Type 1 and Type 2 fires on the Boise, Sawtooth and Salmon-Challis National Forests. Current fires include Trinity Ridge, Springs, Halstead, Mustang and Minidoka Complex.

Halstead, Salmon-Challis NF. NIMO (Houseman). Eighteen miles northwest of Stanley, ID. Timber. Active fire behavior with torching and spotting. Numerous structures threatened. Road and forest closures in effect.

Minidoka Complex (3 fires), Sawtooth NF. IMT 1 (Lund). Fifteen miles southeast of Twin Falls, ID. Pinyon pine, juniper, brush and grass. Extreme fire behavior with torching and short-range spotting. Evacuations in effect.

Pinyon, Northwest Area, Utah DOF. One mile northwest of Eagle Mountain, UT. Timber and grass. Creeping and smoldering. Numerous residences and military structures threatened.

Springs, Boise NF. IMT 1 (Hahnenberg). Started on Bureau of Reclamation land five miles west of Garden Valley, ID. Timber. Moderate fire activity with torching and short-range spotting. Numerous structures threatened. Intermittent road closures in effect.

Trinity Ridge, Boise NF. IMT 1 (Harvey) and IMT 2 (Suwyn). Seven miles northwest of Featherville, ID. Timber. Active fire behavior with torching and long-range spotting. Structures threatened.

Mustang, Salmon-Challis NF (4 fires). IMT 2 (Adell). Twenty-eight miles west of North Fork, ID. Timber. Active fire behavior with torching.

* Grasshopper, Boise District, BLM. Twenty-eight miles southeast of Jordan Valley, OR. Juniper and brush. Moderate fire activity with torching.

Flat Top 2, Twin Falls District, BLM. Ten miles north of Kimama, ID. Brush and grass. Running fire with spotting.

Hot Well, Twin Falls District, BLM. Eight miles east of Burley, ID. Juniper, brush and grass. Moderate fire activity with torching.

Faust, Salt Lake Field Office, BLM. Nine miles northwest of Vernon, UT. Juniper, brush and grass. Active fire behavior with running and torching.

## Northern Rockies Area (PL 3)

New fires: 69
New large fires: 3
Uncontained large fires: 8
Type 2 IMTs committed: 2
Rosebud Creek Complex (2 fires), Eastern Land Office, Montana DNR. IMT 2 (Benes). Sixty miles southwest of Miles City, MT. Ponderosa pine, brush and grass. Creeping and smoldering. Structures threatened.

Elbow Pass Complex (4 fires), Lewis \& Clark NF. IMT 2 (Hall). Twenty-five miles southwest of Augusta, MT. Timber. Creeping and smoldering with occasional torching. Structures threatened.

Fisher, Lewistown Field Office, BLM. Thirty miles south of Chinook, MT. Timber and grass. Smoldering.
Prisoner Lake, Flathead NF. Twenty-five miles east of Condon, MT. Timber. Torching and spotting. Trail closures in effect. Last report unless significant activity occurs.

Condon Mountain, Flathead NF. Five miles northeast of Condon, MT. Timber. Active fire behavior with group tree torching.

| Total | 35 | 148,357 | 43 | 180 | 11 | 979 |

This table does not include fires reported in the large fire section of this report. Updated weekly.

Predictive Services Discussion: Scattered thunderstorms will form over the Great Basin and northern and central Rockies. High pressure will keep hot conditions over the West. Dry and cooler conditions will spread through the Plains as a cold front drops into Texas. Showers and thunderstorms will develop from the Great Lakes and New England, and along the East Coast to Texas.
http://www.predictiveservices.nifc.gov/outlooks/outlooks.html

## Today's discussion is from the First Aid / Health Category.

## Burn Protocols

Burn injuries are often difficult to diagnose and may continue to worsen if they do not receive immediate, specialized treatment. The initial evaluation and treatment of these burns often happens in rural medical facilities with limited experience in burn injury care. In the past, this has resulted in evaluation and treatment that did not provide the best care to injured firefighters. Therefore, victims with either severe burns or burns that meet any of the below criteria should be immediately referred and transported to a regional burn center.

Burn injury criteria identified by the American Burn Association as warranting immediate referral to an accredited burn center.

- Partial thickness burns (second degree) involving greater than 5\% Total Body Surface Area.
- Burns involving the face, hands, feet, genitalia, perineum, or major joints.
- Third-degree burns of any size are present.
- Electrical burns, including lightning injury are present.
- Inhalation injury is suspected.
- Burns are accompanied by traumatic injury (such as fractures).
- Individuals are unable to immediately return to full duty.

It is imperative that action is expeditious, as burn injuries are often difficult to evaluate and may take 72 hours to manifest themselves. When there is any doubt as to the severity of the injury, the required action is to immediately refer and transport the employee to a regional burn center.

To ensure that Workers Compensation assistance is provided an agency administrator, or designee, for the incident needs to coordinate with the firefighter's home unit.

Do you know the location of the closest regional burn center?
