National Interagency Coordination Center Incident Management Situation Report Sunday, June 16, 2013 – 0530 MT National Preparedness Level 2

National Fire Activity

Initial attack activity:

New large fires:

Large fires contained:

Uncontained large fires: **

Area Command Teams committed:

NIMOs committed:

Light (94 new fires)

4

15

15

Type 1 IMTs committed: 2
Type 2 IMTs committed: 6

Link to Geographic Area daily reports.

Two MAFFS C-130 aircraft and support personnel from the 302nd Airlift Wing, Colorado Springs (US Air Force Reserve) are supporting wildland fire suppression operations out of Colorado Springs, CO.

Southwest Area (PL 4)

| New fires: | 22 |
|-------------------------------|----|
| New large fires: | 0 |
| Uncontained large fires: | 5 |
| Area Command Teams committed: | 1 |
| NIMOs committed: | 1 |
| Type 1 IMTs committed: | 1 |
| Type 2 IMTs committed: | 2 |

Walker's Area Command Team is assigned to provide assistance to the Southwest Area GMAC in support of ongoing suppression, planning, logistical and aviation operations.

Quesinberry's NIMO is assigned to provide strategic management and oversight for coordination of BAER and remaining suppression activities on the Tres Lagunas and Thompson Ridge incidents.

Silver, Gila NF. IMT 2 (Reidy). One mile west of Kingston, NM. Timber. Moderate fire behavior. Structures threatened. Evacuations and area closures in effect.

Whites Peak, Cimarron District, New Mexico State Forestry. Fourteen miles southwest of Cimarron, NM. Timber and grass. Creeping with isolated torching and short-range spotting.

Thompson Ridge, Bernalillo District, New Mexico State Forestry. IMT 2 (Day). Ten miles north of Jemez Springs, NM. Timber. Minimal fire behavior.

Tres Lagunas, Las Vegas District, New Mexico State Forestry. Fifteen miles north of Pecos, NM. Timber. Creeping and smoldering. Structures threatened. Area closures in effect.

Jaroso, Santa Fe NF. IMT 1 (Sciacca). Eight miles south of Truchas, NM. Timber. Minimal fire behavior.

^{**} Uncontained large fires include only fires being managed under a full suppression strategy.

Predictive Services Discussion: The West will continue to warm as high pressure slowly builds over the region. Isolated to widely scattered thunderstorms will form on the central and southern Rockies. An approaching trough in the Northwest will bring a chance of showers to the coastal region. In the East, scattered thunderstorms will form along a front from the central Plains to New England. Warmer weather will spread northward over the Plains and across the South but New England will remain mild. Alaska will continue mostly hot and dry.

http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm

AIRCRAFT AND PILOT CARDING

Aviation Category

Every aircraft and pilot used in support of a Federal wildland fire mission must have a current Aircraft and pilot Card or letter of authorization. The card must be held in the aircraft or with the pilot, and give specific authorization to do the mission being requested.

- These missions could be all, one, or any number of, missions as follows:
- Air attack (Level I, Level II, Level III)
 - Reconnaissance
 - Fire surveillance
 - Water bucket
 - Helitorch
 - Cargo
 - Longline
- Every pilot who flies a properly carded aircraft must possess a current Interagency Airplane or Helicopter Pilot Qualification Card that gives specific authorization to fly the type of mission being requested and for the specific type of aircraft being used for the mission. These missions could be all, or any number of, missions as follows:
- Air attack
 - Reconnaissance
 - Fire surveillance
 - Low-level
 - Paracargo
 - Mountain/Remote airstrips
 - Smokejumper
 - Longline
- Before the aircraft and pilot can be used for a specific mission, the aircraft must be specifically listed on a valid and current contract for the type of work being performed and a copy of the contract must be onboard the aircraft.
- Each user of the aircraft and pilot has the authorization to physically inspect the Aircraft Data Card, the Interagency Airplane or Helicopter Pilot Qualification Card, and the contract. If any one of these three are not available for inspection, the mission must be cancelled or at least postponed until the authorizations of the aircraft, pilot, or contract can be determined.
- Pilots have very specific and closely monitored duty time and flight time limitations that users must understand and adhere to:
- 14-hour duty day
- 8 hours flight time per day
- 2 days off in 14 calendar days
- 36 hours cumulative flight hours in any 6 consecutive days
