Predictive Services Discussion: Scattered thunderstorms will spread along the Rockies from Montana to New Mexico. Isolated dry thunderstorms are possible over the higher terrain of the eastern Great Basin. Temperatures will continue to be very warm in the West. Widespread thunderstorms, some with heavy rain, will continue along the Gulf Coast to New England. The Plains will remain hot and humid. In Alaska, scattered showers and a few thunderstorms will continue over the south and west while the central and eastern Interior remain warm and dry with only isolated thunderstorms.

Federal Fire and Aviation Safety Team (FFAST) would like to invite you and your crew to write your own 6 Minutes for Safety discussion!
