# National Interagency Coordination Center <br> Incident Management Situation Report <br> Thursday August 8, 2013 - 0530 MT <br> National Preparedness Level 3 

## National Fire Activity

Initial attack activity:
New large fires:
Large fires contained:
Uncontained large fires: **
Area Command Teams committed: 0
NIMOs committed: ..... 1
Type 1 IMTs committed: ..... 4
Type 2 IMTs committed: ..... 11
** Uncontained large fires include only fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.

One MAFFS C-130 aircraft from the $153^{\text {rd }}$ Airlift Wing, Cheyenne (Wyoming Air National Guard), and one from the $302^{\text {nd }}$ Airlift Wing, Colorado Springs (Air Force Reserve) are supporting wildland fire suppression operations out of Boise, ID.

## Northwest Area (PL 4)

New fires: 75
New large fires: 4
Uncontained large fires: 13
Type 1 IMTs committed: 1
Type 2 IMTs committed: 5

* Grouse Mountain, Oregon DOF. Seven miles north of John Day, OR. Timber, juniper and grass. Running, torching and long-range spotting. Structures threatened. Evacuations in effect.
* Grassy Mountain Complex (two fires), Vale District, BLM. Twenty-two miles southwest of Jordan Valley, OR. Brush and grass. Active fire behavior.
* Coyote Gap, Burns District, BLM. Forty miles northwest of Fields, OR. Brush and grass. Active fire behavior.
* Mann, Burns District, BLM. Fifty-five miles northeast of Fields, OR. Brush and grass. Active fire behavior.

Douglas Complex (three fires), Oregon DOF. IMT 2 (Sifford). Seven miles north of Glendale, OR. Timber and brush. Surface fire with occasional torching. Numerous structures and a communication site threatened. Evacuations and road closures in effect.

Whiskey Complex (two fires), Umpqua NF. IMT 2 (Williams). Six miles east of Tiller, OR. Timber, brush and grass. Moderate fire activity. Structures threatened. Area closures in effect.

Big Windy Complex, Grants Pass Unit, Oregon DOF. IMT 1 (Schulte). Twenty-five miles northwest of Grants Pass, OR. Timber and brush. Surface fire with occasional torching. Structures threatened. Evacuations and area closures in effect.

Green Ridge, Deschutes NF. IMT 2 (Minton). Fourteen miles northwest of Sisters, OR. Timber and brush. Active fire behavior with torching and spotting. Residences threatened. Area closures in effect.

Colockum Tarps, Southeast Region, Washington DNR. IMT 2 (Nickey). Six miles southeast of Malaga, WA. Timber and grass. Active fire behavior with short crown runs. Numerous residences threatened. Evacuations in effect.

Labrador, Rogue River-Siskiyou NF. Transfer of command from IMT 2 (Fillis) back to the local unit will occur today. Thirteen miles northwest of Cave Junction, OR. Timber and brush. Creeping. Structures threatened.

Predictive Services Discussion: Isolated to widely scattered thunderstorms will form over northern California, southern Oregon and parts of the northern Great Basin. Scattered showers and thunderstorms will develop across the Rockies from Montana to New Mexico. In the eastern U.S., scattered showers and thunderstorms will form across the central Plains to New England. Some storms in the Plains will produce heavy rain. Temperatures will continue to be seasonal in the West with mild conditions over the northern and central Plains to New England. The South will continue to be very warm and humid.

After Action Review part 2
Miscellaneous Category
The "Chainsaw" AAR

It's 0'dark thirty. The crew has worked the fire for sixteen hours straight. No one has eaten a hot meal for days and oh yeah, you might as well be cold. No time for the After Action Review? -- Think again!

It's time to bust out the ...CHAINSAW AAR. The idea behind the Chainsaw AAR is simple; SPEED. When you need to get an After Action Review done quickly try this simple format.

1. Have the team form a loose circle.
2. Start with a single team member and ask one of these questions:

What is one thing that went well on this shift?
What is one thing that went bad on this shift?
What is one thing you would do different next time?
What is one thing you learned today?
3. Continue around the circle until everyone has had a chance. It may be necessary to place a time limit on each individual (i.e. 30 seconds).
4. Avoid unnecessary discussion (dinner is waiting).
5. Note the comments for future discussion.

References:
The Wildland Fire Leadership Development Program website has multiple additional references on conducting effective AARs, many designed specifically for wildland firefighters and leaders.

Have an idea? Have feedback? Share it.
