# National Interagency Coordination Center Incident Management Situation Report <br> Monday July 21, 2014 - 0530 MT <br> National Preparedness Level 3 

## National Fire Activity

Initial attack activity:
New large fires:
Large fires contained:
Uncontained large fires: **
Area Command Teams committed: 0
NIMOs committed: 1
Type 1 IMTs committed: 6
Type 2 IMTs committed: 13
** Uncontained large fires include only fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.
Two MAFFS C-130 air tankers and support personnel from the $153^{\text {rd }}$ Airlift Wing (Wyoming Air National Guard) have been deployed to Boise, ID to support wildland fire suppression operations in the western U.S.

## Northwest Area (PL 5)

New fires: 10
New large fires: 3
Uncontained large fires: 28
NIMOs committed: 1
Type 1 IMTs committed: 4
Type 2 IMTs committed: 13
Carlton Complex, Northeast Region, DNR. IMT 1 (Opliger), IMT 2 (Rabe), IMT 2 (Allbee) and NIMO (Hahnenberg). Seven miles south of Twisp, WA. Timber, light logging slash and brush. Moderate fire behavior. Communities of Brewster, Okanogan and Mallot threatened. Evacuations, area and road closures in effect. Reduction in acreage due to more accurate mapping.

Chiwaukum Complex, Okanogan/Wenatchee NF. IMT 1 (Lewis). IMT is also managing the Mills Canyon fire. Nine miles northwest of Leavenworth, WA. Timber, heavy logging slash and brush. Torching and spotting. Numerous residences threatened. Evacuations, area and road closures in effect.

Mills Canyon, Southeast Region, Washington DNR. Two miles southwest of Entiat, WA. Timber, brush and grass. Creeping and smoldering. Residences threatened.

Sunflower, Umatilla NF. IMT 2 (Wilde). Ten miles north of Monument, OR. Timber and grass. Group torching, running and spotting. Structures threatened. Area closures in effect.

Pine Creek, Prineville District, BLM. IMT 2 (Fry). IMT is also managing the RN Donnybrook fire and the Black Rock fire. Eleven miles south of Fossil, OR. Juniper, brush and grass. Active fire behavior with short uphill runs and isolated torching. Residences threatened.

* RN Donnybrook, Prineville District, BLM. Ten miles southeast of Antelope, OR. Juniper, brush and grass. Moderate fire behavior with isolated torching. Structures threatened.

Black Rock, Prineville District, BLM. Started on private land ten miles east of Antelope, OR. Juniper and grass. Active fire behavior with short uphill runs and isolated torching. Residences threatened.

Waterman Complex, John Day Unit, Oregon DOF. IMT 2 (D. Johnson). Twenty miles northeast of Mitchell, OR. Timber, brush and grass. Active fire behavior with group torching and long-range spotting. Structures threatened. Evacuations, area and road closures in effect.

Logging Unit Complex (5 fires), Warm Springs Agency, BIA. IMT 1 (Schulte). Twenty-five miles northwest of Warm Springs, OR. Timber, grass and brush. Backing fire with occasional torching and short-range spotting. Structures threatened.

Shaniko Butte, Warm Springs Agency, BIA. IMT 2 (Williams). Fifteen miles north of Warm Springs, OR. Juniper, brush and grass. Moderate fire behavior. Numerous structures threatened. Area closures in effect.

Bridge 99 Complex, Deschutes NF. IMT 2 (Fillis). Twenty miles north of Sisters, OR. Mixed conifer, brush and grass. Moderate fire behavior. Numerous structures threatened. Evacuations and road closures in effect.

* Ochoco Complex (3 fires), Ochoco NF. IMT 2 (Dunford). Includes previously reported 0386 PR Fox fire and Oscar Canyon fire. Twenty-eight miles east of Prineville, OR. Timber. Running and spotting. Structures threatened. Area closures in effect.

Buzzard Complex (6 fires), Burns District, BLM. IMT 1 (Poncin) and IMT 2 (Watts). Thirteen miles northwest of Riverside, OR. Juniper, brush and grass. Minimal fire behavior. Structures threatened.

Pittsburg, Wallowa-Whitman NF. IMT 2 (B. Johnson). Twenty-one miles southwest of Grangeville, ID. Timber, brush and grass. Minimal fire behavior. Residences threatened.

Bingham Complex (2 fires), Willamette NF. IMT 2 (Nickey). Five miles east of Marion Forks, OR. Timber. Isolated group tree torching. Structures threatened.

* Saddle Mountain, Spokane District, BLM. Nine miles south of Vantage, WA. Brush and grass. Active fire behavior. Structures threatened. Evacuations in effect.

Watermelon Hill, Washington State Fire Marshal's Office, DNR. IMT 2 (Leitch). Started on private land seven miles southwest of Cheney, WA. Timber and grass. Active fire behavior with spotting. Numerous structures threatened. Evacuations in effect.

Center, Prineville District, BLM. Previously reported as 0297 PR fire. Started on private land three miles northeast of Post, OR. Juniper, brush and grass. Isolated interior torching.

Lone Mountain 1, North Cascades NP. IMT 2 (Hutton). Three miles northeast of Stehekin, WA. Timber and brush. No new information.

Gumboot, Burns District, BLM. Four miles north of Riley, OR. Timber, brush and grass. No new information. Last report unless new information is received.

Predictive Services Discussion: Showers and thunderstorms will stretch from northern California and the Great Basin through Idaho and into Montana today. Additional wet storms are expected along a cold front in the Upper Mississippi Valley. High pressure building westward from the Rockies through the southwest U.S. and southern California will kick off a warming and drying trend beginning today. Further east there will be showers and thunderstorms in the southeast U.S. primarily along the Mid-Atlantic coast.

NFDRS PocketCards
Weather/Fire Behavior Category

The NFDRS PocketCard is a tool for field personnel to locally track outputs of the National Fire Danger Rating System (NFDRS) throughout the fire season. It is based on current and historical weather for a localized area and the area's historic fire occurrence. The PocketCard displays a general assessment of the fire potential and identifies combinations of local weather and fuel conditions that might contribute to severe fire behavior.

## The PocketCard provides:

- A general indicator of the potential fire danger for a given rating or protection area.
- A graph showing the trend and status of the current year's fire season.
- A comparison of current year conditions to historical worst and average conditions.
- Fire danger values related to past large or problem fires.
- Critical local thresholds for temperature, humidity, wind speed, and fuel moistures associated with large or problem fires.

## Discuss the following ways to use the PocketCard:

- Use it primarily before fires occur, before arriving to a fire. It is also useful during initial fire size-up, initial attack, and extended attack.
- Use it to learn of critical thresholds that predict the potential for extreme fire behavior for the local area. Be aware that local critical thresholds may be occurring earlier in the season.
- Use it to compare current and predicted local fire danger to historical local fire danger to enhance situational awareness.
- Use it to track daily fire danger indices that gauge the potential for weather and fuels to support extreme fire behavior and of the difficulty of control.
- Use it to supplement local experience.
- Use it as a point of reference for firefighters not familiar with the area represented by the card.
- When you receive a fire assignment outside your local area, visit the National PocketCard website at http://fam.nwcg.gov/fam-web/pocketcards/default.htm where PocketCards are filed by Geographic Area.
- Put it in the pocket of all your firefighters and keep one in your fire vehicle.
- Post it in dispatch. Use them in briefings. Provide them to incoming crews.
- Do not use the PocketCard for site specific fire behavior predictions and fireline actions or without an interpretive briefing.
- Review definitions and implications of ERC and BI values.
