# National Interagency Coordination Center Incident Management Situation Report <br> Tuesday, August 12, 2014 - 0530 MT National Preparedness Level 4 

## National Fire Activity

| Initial attack activity: | Light (166 new fires) |
| :--- | :---: |
| New large fires: | 3 ( $\left.^{*}\right)$ |
| Large fires contained: | 0 |
| Uncontained large fires: ** | 32 |
| Area Command Teams committed: | 0 |
| NIMOs committed: | 1 |
| Type 1 IMTs committed: | 7 |
| Type 2 IMTs committed: | 18 |

** Uncontained large fires include only fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.
Two MAFFS C-130 air tankers and support personnel from the $153{ }^{\text {rd }}$ Airlift Wing (Wyoming Air National Guard) have been deployed to Boise, ID to support wildland fire suppression operations in the western U.S.

## Northwest Area (PL 5)

New fires: 65
New large fires: 0
Uncontained large fires: 15
NIMOs committed: 1
Type 1 IMTs committed: 3
Type 2 IMTs committed: 9
Devils Elbow Complex, Colville BIA. IMT 2 (Nickey). Thirty miles west of Nespelem, WA. Timber and grass. Active fire behavior with crown runs and long-range spotting. Numerous structures threatened. Evacuations, area and road closures in effect.

Snag Canyon, Southeast Region, DNR. IMT 2 (B. Johnson). Started on private land twelve miles north of Ellensburg, WA. Timber, brush and grass. Active fire behavior with short crown runs and short-range spotting. Numerous residences and energy infrastructure threatened. Evacuations, area and road closures in effect.

Duncan, Okanogan/Wenatchee NF. IMT 1 (Schulte). IMT is also managing the Hansel Creek fire and Chiwaukum Complex. Fifteen miles northwest of Entiat, WA. Timber and grass. Active fire behavior with torching. Numerous structures threatened.

Hansel Creek, Southeast Region, DNR. Eight miles south of Leavenworth, WA. Timber and grass. Moderate fire behavior with group torching and short-range spotting. Numerous structures threatened. Evacuations in effect.

Chiwaukum Complex, Okanogan/Wenatchee NF. Nine miles northwest of Leavenworth, WA. Timber, heavy logging slash and brush. Active fire behavior with group torching. Numerous structures threatened.

Little Bridge Creek, Okanogan/Wenatchee NF. Transfer of command from IMT 2 (Leitch) to IMT 1 (Lund) will occur today. Ten miles west of Winthrop, WA. Timber. Moderate fire behavior with group torching and shortrange spotting. Numerous residences threatened. Area closure in effect.

South Fork Complex, Prineville District, BLM. IMT 1 (Lewis). Twenty miles south of John Day, OR. Timber and grass. Active fire behavior with torching. Numerous structures threatened. Evacuations and area closures in effect. Precipitation occurred over the fire area yesterday.

South Cle Elum Ridge, Okanogan/Wenatchee NF. IMT 2 (Allbee). Seven miles southwest of Cle Elum, WA. Timber. Residences threatened. Area closure in effect. No new information.

Upper Falls, Okanogan/Wenatchee NF. Seventeen miles north of Winthrop, WA. IMT 1 (Lund). IMT is also managing the Carlton Complex. Timber and grass. Active fire behavior with crown runs. Structures threatened. Evacuations and area closures in effect.

Carlton Complex, Northeast Region, DNR. Started on private land seven miles south of Twisp, WA. Timber, light logging slash and brush. Interior creeping and smoldering. Numerous structures threatened. Evacuations, area and road closures in effect.

5 Mile, Wallowa Unit, Oregon DOF. IMT 2 (D. Johnson). IMT is also managing the Somers fire. One mile south of Imnaha, OR. Timber and grass. Minimal fire behavior. Numerous structures threatened. Reduction in acreage due to more accurate mapping.

Somers, Wallowa-Whitman NF. Fifteen miles east of Imnaha, OR. Timber and grass. Active fire behavior. Structures threatened.

Staley Complex, Willamette NF. IMT 2 (Russell). Twenty-eight miles south of Oakridge, OR. Timber. Active fire behavior with isolated torching and short-range spotting. Area closure in effect. Precipitation occurred over the fire area yesterday.

Bald Sisters, Malheur NF. IMT 2 (Day) and NIMO (Quesinberry). Twelve miles east of Prairie City, OR. Timber. Backing with isolated and group torching.

Beaver Complex, Medford Unit, Oregon DOF. IMT 2 (Cline).Twenty-one miles southeast of Ashland, OR. Timber and brush. Minimal fire behavior. Numerous structures and energy infrastructure threatened. Precipitation occurred over the fire area yesterday.

Rowena, The Dalles Unit, Oregon DOF. Transfer of command from IMT 2 (Buckman) back to the local unit will occur today. Five miles northwest of The Dalles, OR. Timber, brush and grass. Minimal fire behavior. Numerous structures threatened.

Camp Creek Complex, Rogue River-Siskiyou NF. Thirty miles northeast of Medford, OR. Timber. Minimal fire behavior.

Enterprise, Lake Roosevelt National Recreation Area. One mile west of Enterprise, WA. Timber. Structures threatened. Evacuations in effect. No new information.

Bear Butte 2, Deschutes NF. Twenty-three miles southwest of Warm Springs, OR. Timber and grass. Active fire behavior with group torching and long-range spotting.

Nene Creek, Warm Springs Agency, BIA. Twenty-two miles north of Warm Springs, OR. Timber, brush and grass. No new information.

Predictive Services Discussion: A closed low pressure system off the coast of northern California will begin to move inland today, spawning another round of scattered thunderstorms across much of the western U.S. There will be considerable lightning and the strongest storms will produce gusty outflow winds and heavy rain. Unseasonably hot temperatures are also expected for the western U.S. including the northern Rockies as a ridge of high pressure strengthens. Monsoon moisture trapped under this ridge will be a focus for thunderstorms in the Rocky Mountain Four-Corners region. It will be cooler than normal in the eastern U.S. with widespread showers and thunderstorms east of the Mississippi River. Heavy rain is expected in the Ohio Valley ahead of a cold front.

# FIGHT FIRE AGGRESSIVELY, BUT PROVIDE FOR SAFETY FIRST 

Operational Engagement Category

Standard Fire Order \#10 must be taken into account at all times when fighting fire. In order to fight fire safely and aggressively, every firefighter must be able to answer the following questions:

- Is the suppression method adequate? Ask yourselves, are we making progress? Are we beating our heads against a wall? Is there a better way to get this done? Give examples when you have had to change your suppression method.
- Are there adequate resources and time for effective suppression? Ask yourselves, do we need to retreat and reevaluate? Talk about times when you have realized you weren't getting anywhere and needed to retreat and start managing firefighters and placing orders.
- Are lookouts posted? Discuss when you post lookouts, who you would choose to be a lookout, and where they should be located.
- Are communications prompt with crews and other resources? Review the importance of good communications on the fireline.
- Have escape routes and safety zones been established? Talk about your crew's procedure for establishing escape routes and safety zones. Review what constitutes an escape route and a safety zone.
- Do you feel comfortable with your assignment? Discuss the situation check. Remind firefighters that every individual has the right to question an assignment.
- To reduce the risks:
- Post lookouts.
- Retreat if the situation is too complex. Emphasize that safety is everyone's responsibility; we all want to be good firefighters and being safe is part of that.
- Do you have established trigger points?
