# National Interagency Coordination Center Incident Management Situation Report <br> Monday, July 13, 2015-0530 MT <br> National Preparedness Level 3 

| National Fire Activity |  |
| :--- | :---: |
| Initial attack activity: | Light (92 new fires) |
| New large incidents: | 6 |
| Large fires contained: | 3 |
| Uncontained large fires: ** | 15 |
| Area Command Teams committed: | 0 |
| NIMOs committed: | 1 |
| Type 1 IMTs committed: | 1 |
| Type 2 IMTs committed: | 9 |

** Uncontained large fires include only fires being managed under a full suppression strategy. Link to Geographic Area daily reports.

Three wildland fire suppression crews, seven fireline management personnel and one airtanker are assigned to support large fires in Alberta, Canada. Two wildland fire suppression crews and twenty-three fireline management personnel are assigned to support large fires in Saskatchewan, Canada.
Alaska Area (PL 5)
New fires: ..... 5
New large incidents: ..... 2
Uncontained large fires: ..... 1
Type 2 IMTs committed: ..... 4

Tanana Area Fires (5 fires), Tanana Zone, BLM. IMT 2 (Grant). Started on native corporation land seven miles northeast of Tanana, AK. Timber. Active fire behavior with group torching and backing. Numerous structures threatened. Evacuations in effect. Reduction in acreage due to more accurate mapping.

Aggie Creek, Fairbanks Area Forestry, DOF. IMT 2 (Nieto). Timber. Moderate fire behavior with running, creeping and smoldering. Structures threatened. Area and trail closures in effect.

Middle Yukon Fires (4 fires), Galena Zone, BLM. IMT 2 (Hutton). Started on native corporation land two miles north of Nulato, AK. Timber, brush and short grass. Active fire behavior with short crown runs, group torching and flanking. Numerous structures threatened.

Aniak Complex (4 fires), Southwest Area Forestry, DOF. One mile east of Aniak, AK. Timber. Moderate fire behavior. Numerous structures threatened.

Baker, Tanana Zone, BLM. IMT 2 (Greer). IMT is also managing the Hay Slough fire. Started on state land four miles southwest of Eureka, AK. Timber. Moderate fire behavior with isolated torching, backing and smoldering. Structures threatened.

Hay Slough, Tanana Zone, BLM. Previously reported incident. Fourteen miles southeast of Tanana, AK. Timber. Moderate fire behavior with single tree torching and backing. Structures threatened.

Tetlin Hills, Tok Area Forestry, DOF. Eight miles southeast of Tok, AK. Timber. Minimal fire behavior with creeping and smoldering. Structures threatened. Precipitation occurred over the fire area yesterday.

Long Lake, Tok Area Forestry, DOF. Started on BIA land two miles east of Northway, AK. Timber. Moderate fire behavior with creeping and smoldering. Structures threatened.

Rex Complex (2 fires), Fairbanks Area Forestry, DOF. Started on private land seven miles southeast of Clear, AK. Timber. Moderate fire behavior. Structures threatened. Road and trail closures in effect.

Rock Creek, Southwest Area Forestry, DOF. Previously reported incident. Started on native corporation land 65 miles northeast of Port Alsworth, AK. Timber. Active fire behavior with single tree torching and creeping. Numerous structures threatened. Last report unless significant activity occurs.

Deep Creek, Tanana Zone, BLM. Previously reported incident. Started on state land three miles south of Lake Minchumina, AK. Timber and short grass. Active fire behavior with group torching, short crown runs and backing. Structures threatened. Last report unless significant activity occurs.

Healy Lake, Delta Area Forestry, DOF. Previously reported incident. Started on native corporation land 28 miles southeast of Delta Junction, AK. Timber. Minimal fire behavior. Structures threatened. Last report unless significant activity occurs.

Pontag Creek, Southwest Area Forestry, DOF. Previously reported incident. Thirty-five miles northeast of Nikolai, AK. Timber. Active fire behavior with crowning, group torching and flanking. Last report unless significant activity occurs.

Isahultila, Tanana Zone, BLM. Previously reported incident. Started on native corporation land 10 miles southwest of Hughes, AK. Timber. Moderate fire behavior with backing and creeping. Structures threatened. Last report unless significant activity occurs.

Blair, Military Zone, BLM. Previously reported incident. Started on state land thirty-nine miles southeast of Fairbanks, AK. Timber. Extreme fire behavior with crowning, running and backing. Structures threatened. Last report unless significant activity occurs.

Deepbank Creek, Southwest Area Forestry, DOF. Previously reported incident. Thirty-two miles southeast of Nikolai, AK. Timber. Minimal fire behavior. Last report unless significant activity occurs.

Soda Creek, Southwest Area Forestry, DOF. Previously reported incident. Seventeen miles northeast of Medfra, AK. Timber. Minimal fire behavior with backing and creeping. Structures threatened. Last report unless significant activity occurs.

North Fork Flats, Southwest Area Forestry, DOF. Previously reported incident. Ten miles north of Nikolai, AK. Timber. Minimal fire behavior with backing, creeping and smoldering. Last report unless significant activity occurs.

[^0]* Bear Island Lake, Southwest Area Forestry, DOF. Seven miles north of Telida, AK. Timber. Active fire behavior with spotting and group torching. Structures threatened. Last report unless significant activity occurs.

## Northwest Area (PL 3)

New fires:
New large incidents:
Uncontained large fires:
NIMOs committed:
Type 1 IMTs committed:
Type 2 IMTs committed:

Newby Lake, Okanogan-Wenatchee NF. IMT 2 (Rabe). Transfer of command from IMT 2 (Rabe) to IMT 1 (Lewis) will occur today. Eleven miles northwest of Loomis, WA. Timber. Minimal fire behavior. Area and trail closures in effect.

Douglas County Complex (2 fires), Spokane District, BLM. IMT 2 (Johnson). Four miles east of Palisades, WA. Brush and short grass. Active fire behavior with flanking, backing and creeping. Structures and sagegrouse habitat threatened.

153 West Fork, Malheur NF. Ten miles southeast of Dayville, OR. Transfer of command from IMT 2 (Fillis) back to the local unit will occur tomorrow. IMT is also managing the Corner Creek fire. Timber, brush and short grass. Minimal fire behavior with creeping and smoldering. Structures threatened. Road, area and trail closures in effect. Precipitation occurred over the fire area yesterday.

Corner Creek, Ochoco NF. Eleven miles south of Dayville, OR. Timber, light logging slash and short grass. Minimal fire behavior with smoldering. Structures threatened. Road and area closures in effect. Precipitation occurred over the fire area yesterday.

Paradise, Olympic NP. Transfer of command from NIMO (Hahnenberg) back to the local unit will occur tomorrow. Timber. Minimal fire behavior with creeping. Area and trail closures in effect.

Mt Adams Complex, Gifford Pinchot NF. IMT 2 (Gales). Fifteen miles northwest of Trout Lake, WA. Timber, closed timber litter, hardwood slash and dormant brush. Minimal fire behavior with single tree torching, creeping and smoldering. Area and trail closures in effect.

Wolverine, Okanogan-Wenatchee NF. Three miles northwest of Lucerne, WA. Timber. Moderate fire behavior. Numerous structures threatened. Trail closures in effect.

Moses Stool, Spokane District, BLM. Sixteen miles east of Wenatchee, WA. Short grass. No new information.

Geneva 15, Prineville District, BLM. Started on private land five miles west of Culver, OR. Brush and tall grass. No new information.

Predictive Services Discussion: Widely scattered thunderstorms will develop over the Northwest and the northern Rockies. Afternoon thunderstorms will again develop across the southern and central Rockies. Cool rain and a few thunderstorms will move across the Upper Midwest, the Great Lakes region, and New England. A few thunderstorms will develop over Florida. Gradual warming will continue in the West. Hot and humid weather continues in the Plains, the Mississippi Valley and the Southeast. Mild conditions will remain across New England and the Appalachians. Alaska will have scattered showers over the southern half of the state. A few thunderstorms could form in the Interior. Warm weather will continue in the Interior and mild conditions in the north and south.

SAFENET

Fire Communication Category

SAFENET is a form and process for front line firefighters that provides a way to be heard and get unsafe situations resolved. SAFENET has been in demand by firefighters themselves. It is a method for prompt reporting and timely resolution of safety and health concerns encountered in wildland fire, all hazard operations, or other related work environments. The information on the form assists in the collection of important, safety-related data at the National Interagency Fire Center, to determine longterm trends and problem areas. Here are some facts about SAFENET and how it works.

- Individuals who observe or who are involved in an unsafe situation shall initiate corrective actions if possible, and then report the occurrence using SAFENET. SAFENET reports should identify unsafe situations in wildland fire, all hazard operations, or other related work environments.
- SAFENETs should be submitted to the first line supervisor, whose responsibility it is to resolve the situation as quickly as possible.
- SAFENETs may also be submitted directly to the SAFENET system via:
- The internet at safenet.nifc.gov or linking to it through the NIFC website.
- Telephone at (1-888-670-3938)
- Direct Mail to SAFENET, P.O. Box 16645, Boise, Idaho, 83715-9750
- SAFENET was originally intended for wildland fire operations, but can be used to report on activities such as training, and all hazard events.
- Submitters are encouraged, but not required, to put your name on the report. You don't have to identify yourself to fill out a SAFENET, you can do it anonymously. All SAFENETs will be sanitized before posting to the web. See SAFENET Protocols for sanitizing process.
- There is no punishment or penalty for filing a SAFENET, nor is it mandatory.
- SAFENETs related to incidents that have on-going serious accident investigations will not be posted until formal investigation process is completed. These SAFENETs will be sent directly to the serious accident investigation team.
- SAFENETs that do not meet posting criteria (see SAFENET Protocols) will not be posted to the website.

SAFENET is not the only way to correct a safety-related concern; it does not replace accident reporting or any other official agency reporting method. It's simply an easy, quick way to report a safety concern. It's also a way for front line firefighters to be involved in the daily job of being safe and keeping others safe, by documenting and helping to resolve safety issues. The NWCG encourages comments and suggestions for improvement of the SAFENET program. Please share your ideas by emailing the SAFENET_Administrator@blm.gov.
