

**National Interagency Coordination Center  
Incident Management Situation Report  
Sunday, November 27, 2016 – 0800 MT  
National Preparedness Level 1**

**National Fire Activity**

Initial attack activity:	Light (30 new fires)
New large incidents:	3
Large fires contained:	5
Uncontained large fires:**	19
Area Command Teams Committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	3
Type 2 IMTs committed:	3

\*\*Uncontained large fires include only fires being managed under a full suppression strategy.  
[Link](#) to Geographic Area daily reports.

**Southern Area (PL 5)**

New fires:	29
New large incidents:	3
Uncontained large fires:	18
Type 1 IMTs committed:	3
Type 2 IMTs committed:	3

**Rock Mountain**, Chattahoochee-Oconee NF. IMT 1 (Livingston). Two miles south of Tate City, GA. Hardwood litter and timber. Active fire behavior with running, flanking and backing. Numerous residences threatened. Road, area and trail closures in effect.

**Mount Pleasant**, George Washington & Jefferson NF. Four miles west of Lowesville, VA. Hardwood litter. Moderate fire behavior with creeping, backing and smoldering. Structures threatened. Road, area and trail closures in effect.

**Pinnacle Mountain**, South Carolina Forestry Commission. Three miles southeast of Rocky Bottom, SC. Hardwood Litter and timber. Active fire behavior with uphill runs, flanking, and isolated torching. Numerous structures threatened. Road, area and trail closures in effect.

**Camp Branch**, National Forests in North Carolina. IMT 1 (Wilkins). IMT is also managing the Tellico, Boteler, Maple Springs, and Dicks Creek fires. Seven miles west of Franklin, NC. Hardwood litter, timber and grass. Active fire behavior with flanking and backing. Numerous structures threatened.

**Tellico**, National Forests in North Carolina. Three miles south of Almond, NC. Hardwood litter, timber and short grass. Minimal fire behavior with smoldering and creeping. Numerous structures threatened. Trail closures in effect.

**Boteler**, National Forests in North Carolina. Nine miles east of Hayesville, NC. Timber and brush. Minimal fire behavior.

**Maple Springs**, National Forests in North Carolina. Three miles northwest of Santeetlah Lake, NC. Hardwood litter, timber and brush. Minimal fire behavior. Structures threatened.

**Dick's Creek**, National Forests in North Carolina. Two miles northwest of Sylva, NC. Hardwood litter, short grass and timber. Minimal fire behavior with smoldering.

**Horton**, North Carolina Forest Service. Six miles east of Blowing Rock, NC. Hardwood litter. No new information. Last report unless new information is received.

**Clear Creek**, North Carolina Forest Service. IMT 2 (Thompson). Five miles west of Marion, NC. Hardwood litter. Moderate fire behavior with backing and flanking. Numerous residences threatened. Road closures in effect.

**Party Rock**, North Carolina Forest Service. ODF IMT 1 (Buckman). One mile north of Lake Lure, NC. Hardwood litter. Minimal fire behavior. Numerous structures threatened. Area and trail closures in effect.

**Chestnut Knob**, North Carolina Forest Service. NCFS IMT 2 (Kern). Three miles south of Enola, NC. Hardwood litter. Minimal fire behavior with smoldering. Numerous structures threatened. Road, area and trail closures in effect.

**Chimney Rock**, Big South Fork National River and Recreation Area. Thirteen miles northwest of Oneida, TN. Hardwood litter and timber. Minimal fire behavior with backing, smoldering and creeping. Structures threatened. Reduction in acreage due to more accurate mapping.

**Rough Ridge**, Chattahoochee-Oconee NF. Transfer of command from IMT 2 (Fogle) back to the local unit will occur today. Thirteen miles northwest of Blue Ridge, GA. Hardwood litter, timber and brush. Minimal fire behavior with smoldering. Area and trail closures in effect.

**Tatum Gulf**, Georgia Forestry Commission. Eleven miles west of LaFayette, GA. Hardwood litter. Minimal fire behavior. Numerous structures threatened. Road and area closures in effect.

**Eades Hollow**, Virginia DOF. One mile northeast of Lovingston, VA. Timber. No new information.

**Eastern Cherokee Complex**, Eastern Cherokee Agency, BIA. Four miles east of Cherokee, NC. Hardwood litter. No new information.

\* **Kensee**, Daniel Boone NF. Ten miles west of Jellico, KY. Hardwood litter. Minimal fire behavior with backing and creeping.

**HWY 151**, National Forests in North Carolina. Thirty miles southeast of Asheville, NC. Hardwood litter. Minimal fire behavior with smoldering.

\*\*\* Changes in some agency YTD acres reflect more accurate mapping or reporting adjustments. \*\*\*

Additional wildfire information is available through the Geographic Areas at <http://gacc.nifc.gov/>

**Predictive Services Discussion:** A broad trough will remain across the U.S. A smaller trough in the flow will push a cold front across the Rockies and the northern Plains. Scattered showers and thunderstorms are possible in the southern Plains and the lower Mississippi Valley. Snow showers will linger over the northern and central Rockies. Another front will approach the West Coast bringing rain and snow to the Northwest and northern Rockies. Temperatures will remain cold across much of the West and North, warm in the South.

<http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

# LEAD Time

## Leader's Intent

*Leadership Category*

In fast-moving, dynamic situations, top-level decision makers cannot always incorporate new information into a formal planning process and redirect people to action within a reasonable timeframe.

We provide leader's intent so people closest to the scene of action can adapt plans and exercise initiative to accomplish the objective when unanticipated opportunities arise or when the original plan no longer suffices.

Leader's intent is a crucial element of effective operations because it reduces internal friction and empowers subordinates – even when chaotic conditions prevent the chain of command from communicating effectively.

Leader's intent is a clear, concise statement about what people must do to succeed in their assignments. It delineates three essential components:

1. Task - what is the objective or goal of the assignment?
2. Purpose – why the assignment needs to be done.
3. End state – how the situation should look when the assignment is successfully completed.

Within the framework of the defined end state, leaders can develop plans that include incident objectives, priorities, strategies, trigger points, and contingency plans.

### Discussion Points

- How were you most recently provided leader's intent?
- Describe a situation where leader's intent was utilized to adapt and achieve the desired end state.
- Describe a situation where leader's intent was not clear.
- Discuss how to gain leaders intent if it is not initially provided.
