## National Interagency Coordination Center Incident Management Situation Report Thursday, December 01, 2016 – 0800 MT National Preparedness Level 1

#### National Fire Activity Initial attack activity: Light (39 new fires) New large incidents: 3 4 Large fires contained: Uncontained large fires:\*\* 14 Area Command Teams Committed: 0 0 NIMOs committed: 2 Type 1 IMTs committed: Type 2 IMTs committed: 3 \*\* Uncontained large fires include only fires being managed under a full suppression strategy. Link to Geographic Area daily reports.

Southern Area (PL 5)	
New fires:	36
New large incidents:	3
Uncontained large fires:	14
Type 1 IMTs committed:	2
Type 2 IMTs committed:	3

**Chimney Tops 2**, Great Smoky Mountains NP. IMT 1 (Dueitt). Previously reported as Chimney 2. Five miles south of Gatlinburg, TN. Dormant brush, hardwood slash and hardwood litter. Minimal fire behavior. Numerous structures threatened. Evacuations, road, area and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Rock Mountain**, Chattahoochee-Oconee NF. IMT 2 (Bentley). Two miles south of Tate City, GA. Hardwood litter and timber. Minimal fire behavior with smoldering. Road, area and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Lake Chinnabee**, National Forests in Alabama. Three miles southeast of Munford, AL. Timber and hardwood litter. Minimal fire behavior with smoldering. Road, area and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Pinnacle Mountain**, South Carolina Forestry Commission. Three miles southeast of Rocky Bottom, SC. Hardwood Litter and timber. Minimal fire behavior with smoldering. Area and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Camp Branch**, National Forests in North Carolina. IMT 1 (Wilkins). IMT is also managing the Tellico, Boteler and Maple Springs fires. Seven miles west of Franklin, NC. Hardwood litter, timber and grass. Minimal fire behavior with smoldering. Precipitation occurred over the fire area yesterday.

**Tellico**, National Forests in North Carolina. Three miles south of Almond, NC. Hardwood litter, timber and short grass. Minimal fire behavior with smoldering. Road and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Boteler**, National Forests in North Carolina. Nine miles east of Hayesville, NC. Timber and brush. Minimal fire behavior with smoldering. Trail closures in effect. Precipitation occurred over the fire area yesterday.

**Maple Springs**, National Forests in North Carolina. Three miles northwest of Santeetlah Lake, NC. Hardwood litter, timber and brush. Minimal fire behavior with smoldering. Precipitation occurred over the fire area yesterday.

**Horton**, North Carolina Forest Service. Six miles east of Blowing Rock, NC. Hardwood litter. Minimal fire behavior with smoldering. Precipitation occurred over the fire area yesterday.

**Clear Creek**, North Carolina Forest Service. IMT 2 (Thompson). Five miles west of Marion, NC. Hardwood litter. Minimal fire behavior. Precipitation occurred over the fire area yesterday.

**Mount Pleasant**, George Washington & Jefferson NF. Four miles west of Lowesville, VA. Hardwood litter. No new information.

**Chestnut Knob**, North Carolina Forest Service. NCFS IMT 2 (Kern). Three miles south of Enola, NC. Hardwood litter. Minimal fire behavior. Structures threatened. Road, area and trail closures in effect. Precipitation occurred over the fire area yesterday.

**Tatum Gulf**, Georgia Forestry Commission. Eleven miles west of LaFayette, GA. Hardwood litter. Minimal fire behavior. Numerous structures threatened. Road and area closures in effect.

**Barron Road**, Georgia Forestry Commission. Two miles southwest of Grantville, GA. Timber. No new information.

## Prescribed Fires and Acres Year-to-Date (by Ownership):

\*\*\* Changes in some agency YTD acres reflect more accurate mapping or reporting adjustments. \*\*\*

Additional wildfire information is available through the Geographic Areas at <a href="http://gacc.nifc.gov/">http://gacc.nifc.gov/</a>

Predictive Services Discussion: An upper low will move toward eastern Canada while a deepening trough drops into the western U.S. A frontal system will move off the East Coast, bringing cooler but drier weather to much of the Southeast. Scattered rain and snow will continue over the Great Lakes, the Upper Midwest and New England. A Pacific frontal system will push into the Interior West with snow continuing across the northern Rockies, the Great Basin and parts of the Northwest. Scattered rain and snow showers will continue from the Cascades to the coasts of Washington and Oregon. Cold conditions will remain over most of the western and northern U.S. with warm to very warm weather along the Southeast and Gulf coasts.

# The 10 Standard Fire Orders

**Operational Engagement Category** 

The orders are arranged according to their importance and grouped in logical sequence. Review and consider Standard Fire Orders as a part of every shift.

- Did you receive or request adequate weather briefing, current and predicted fire behavior, wind direction, predicted humidity, fuel moisture, local factors?
- Do you have map of the fire? Is topography, type of fuels, direction of the spread defined?
- Fire behavior group deals with what the firefighter will encounter weather, fire status, fire behavior.
  1. Keep informed on fire weather conditions and forecasts.
  - 2. Know what your fire is doing at all times.
  - 3. Base all actions on current and expected behavior of the fire.
- Are you familiar with direction, distance, location, size of escape routes and safety zones?
- Discuss the need for lookout, such as extreme fire behavior, fire located out of line-of-sight.
- Discuss importance of the situational awareness.
- Fireline safety group emphasizes personal safety.
  - 4. Identify escape routes and safety zones and make them known.
  - 5. Post lookouts when there is possible danger.
  - 6. Be alert. Keep calm. Think clearly. Act decisively.
- Review importance and means of passing tactical decisions and resource movement.
- Review other factors influencing potential changes in tactics, which could affect control of your forces.
- Organizational Control group is centered around tactical decisions.
  - 7. Maintain prompt communications with your forces, your supervisor and adjoining forces.
  - 8. Give clear instructions and insure they are understood.
  - 9. Maintain control of your forces at all time.
- After you have considered, discussed and acted on the previous nine orders:
  10. Fight fire aggressively, having provided for safety first.
