National Interagency Coordination Center
Incident Management Situation Report
Wednesday, June 14th, 2017 - 0530 MT
National Preparedness Level 2

## National Fire Activity

Initial attack activity:
New large incidents:
Large fires contained:
Uncontained large fires:**
Light (99 new fires)
2
5
Area Command Teams Committed: 0
NIMOs committed:
0
Type 1 IMTs committed:
2
Type 2 IMTs committed:
**Uncontained large fires include only fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.

## Southwest Area (PL 4)

New fires: 16
New large incidents:
Uncontained large fires:
1
Type 1 IMTs committed: 5

Type 2 IMTs committed:

2
2

Highline, Tonto, NF. IMT1 (Day). Eight miles north of Payson, AZ. Timber, brush and tall grass. Active fire behavior with flanking, uphill runs and short range spotting. Numerous residences threatened. Road and trail closures in effect.

Lizard, Coronado, NF. IMT 1 (Pierson). Three miles southeast of Dragoon, AZ. Short grass and brush. Minimal fire behavior with flanking and backing. Numerous residences threatened. Evacuations and area closures in effect.

Boundary, Coconino, NF. IMT 2 (Andrews). Twelve miles north of Bellemont, AZ. Timber, short grass and heavy logging slash. Moderate fire behavior with torching, flanking and backing. Road, area and trail closures in effect.

Freeze 2, San Carlos Agency, BIA. IMT 2 (Bales). Twenty-seven miles southeast of Whitewater, AZ. Timber and short grass. Moderate fire behavior with smoldering and creeping.

Rucker, Coronado, NF. Twenty-three miles northeast of Elfida, AZ. Brush, timber and tall grass. Minimal fire behavior with smoldering. Structures threatened.

* Teacher, Gila, NF. Twenty-three miles southeast of Reserve, NM. Short grass and timber. Minimal fire behavior with creeping. Last report unless significant activity occurs.

Windyhill, Tonto, NF. Three miles east of Roosevelt, AZ. Brush. No new information.

Predictive Services Discussion: A strengthening low pressure system will move south into central Alaska spreading scattered showers and storms across the interior. Across the Lower 48, mostly dry conditions are expected under a very weak ridging pattern. Temperatures across the west will be below normal again. Breezy conditions are expected across the Great Plains under a tight westerly flow. Scattered showers and storms will increase over Florida as a disturbance in the eastern Gulf of Mexico strengthens.

## DRIVING SAFETY

Vehicles/Roads Category

Driving is one of the most hazardous things we do because we literally perform the task hundreds of times in the course of our daily lives we tend to take it for granted. Based on recent accident trends, vehicle accidents are the source of more deaths and serious injuries to wildland firefighters than any other single cause.

- To be a safe driver you have to want to be one. Take a good hard look at your driving habits. Are you training yourself to do the right things the right way, like fastening your seat belt, checking your mirrors, and maintaining safe following distances?
- Inattentiveness is a major contributing factor in motor vehicle accidents within the wildland firefighting community. Since the average adult attention span is $15-20$ minutes we must develop techniques that allow us to refocus our attention on our driving.
- Many things can lure our attention away from our driving such as: fatigue, eating and drinking, reading directions and maps, writing, cell phone and radio use, conversation within the vehicle and music.
$\checkmark$ Drive only when you are well rested and alert and avoid driving during the hours of 10:00 PM and 6:00 AM. Take a 10 to 15 minute break after every 2 hours.
$\checkmark$ Practice situational awareness; be aware of what is happening in front, behind, and on both sides of your vehicle.
$\checkmark$ Never drive when taking medications that make you drowsy.
$\checkmark$ Delegate navigation and communication to a passenger or pull over.
$\checkmark$ By constantly moving your vision, checking mirrors and distant road conditions, you can avoid highway hypnosis and daydreaming.
$\checkmark$ Avoid eating or drinking while driving.
$\checkmark$ When talking with passengers, keep your eyes on the road and both hands on the steering wheel. Avoid serious or argumentative conversations.
$\checkmark$ Do not be in a hurry, be patient.
- Safe driving starts with a safe vehicle. Something as simple as under-inflated tires can have serious consequences. Before operating any vehicle, do a walk-around to look for potential problems, make sure the lights and blinkers work, and adjust your seat and mirrors. If it is the first time you have driven the vehicle, make yourself aware of where everything is.
