

**National Interagency Coordination Center
Incident Management Situation Report
Sunday, June 25th, 2017 – 0530 MT
National Preparedness Level 2**

National Fire Activity

Initial attack activity:	Light (93) new fires
New large incidents:	4
Large fires contained:	4
Uncontained large fires:**	13
Area Command Teams Committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	2
Type 2 IMTs committed:	5

**Uncontained large fires only include fires being managed under a full suppression strategy.

Southwest Area (PL 4)

New fires:	22
New large incidents:	1
Uncontained large fires:	8
Type 1 IMTs committed:	1
Type 2 IMTs committed:	3

Frye, Coronado, NF. Transfer of command from IMT 2 (Sinclair) to IMT 1 (Poncin) will occur today. IMT also managing the Bar X fire. Nine miles west of Swift Trail Junction, AZ. Timber, brush and chaparral. Moderate fire behavior with backing and uphill runs. Numerous residences threatened. Road, area and trail closures in effect.

Bar X, Coronado, NF. Ten miles southeast of Fort Grant, AZ. Tall grass and brush. Minimal fire behavior with smoldering. Residences threatened.

Boundary, Coconino, NF. IMT 2 (Andrews). Twelve miles north of Bellemont, AZ. Timber, short grass and heavy logging slash. Moderate fire behavior with backing, flanking and torching. Residences threatened. Road, area and trail closures in effect.

Bonita, Carson, NF. IMT 2 (Bales). Sixteen miles northeast of Canjilon, NM. Timber, brush and short grass. Minimal fire behavior with backing and smoldering. Road, area and trail closures in effect.

Cajete, Santa Fe, NF. Eight miles northeast of Jemez Springs, NM. Timber and medium logging slash. Minimal fire behavior with smoldering. Area closure in effect.

Encino, Southeast District, Arizona DOF. Two miles south of Sonoita, AZ. Tall grass and brush. Minimal fire behavior with smoldering. Numerous residences threatened.

* **Seven**, Gila, NF. Twenty-one miles southeast of Reserve, NM. Timber. Minimal fire behavior with smoldering. Last report unless significant activity occurs.

Griffith, Las Vegas District, New Mexico State Forestry. Two miles west of Romero, NM. Chaparral and tall grass. No new information.

Freeze 2, San Carlos Agency, BIA. Twenty-seven miles southeast of Whitewater, AZ. Timber and short grass. No new information.

Highland, Bernalillo District, New Mexico State Forestry. Fifteen miles northeast of Encino, NM. Short grass and brush. No new information.

R-14, Fort Apache Agency, BIA. Three miles south of Cedar Creek, AZ. Timber. No new information

Highline, Tonto, NF. Eight miles north of Payson, AZ. Timber, brush and tall grass. No new information. Last report unless new information is received.

Predictive Services Discussion: High pressure will strengthen over the Alaskan interior allowing for a return to above normal temperatures. Isolated thunderstorms will be possible in the afternoon across eastern portions of the state. Across the Lower 48, a weakening disturbance moving north along the Californian and Oregon coast will spread isolated storms across northern California, Oregon and the Great Basin. Across the Southwest, a small surge of monsoonal moisture will work its way north into the Four Corners region from Mexico spreading scattered storms. Expect breezy conditions along the northern tier of the nation as a broad upper level trough begins to push south from central Canada. The East will remain breezy and dry with temperatures near normal.

LEAD Time

Leader's Intent

Leadership Category

In fast-moving, dynamic situations, top-level decision makers cannot always incorporate new information into a formal planning process and redirect people to action within a reasonable timeframe.

We provide leader's intent so people closest to the scene of action can adapt plans and exercise initiative to accomplish the objective when unanticipated opportunities arise or when the original plan no longer suffices.

Leader's intent is a crucial element of effective operations because it reduces internal friction and empowers subordinates – even when chaotic conditions prevent the chain of command from communicating effectively.

Leader's intent is a clear, concise statement about what people must do to succeed in their assignments. It delineates three essential components:

1. Task - what is the objective or goal of the assignment?
2. Purpose – why the assignment needs to be done.
3. End state – how the situation should look when the assignment is successfully completed.
- 4.

Within the framework of the defined end state, leaders can develop plans that include incident objectives, priorities, strategies, trigger points, and contingency plans.

Discussion Points

- How were you most recently provided leader's intent?
- Describe a situation where leader's intent was utilized to adapt and achieve the desired end state.
- Describe a situation where leader's intent was not clear.
- Discuss how to gain leaders intent if it is not initially provided.
