# National Interagency Coordination Center <br> Incident Management Situation Report <br> Saturday, July 8, 2017 - 0530 MT <br> National Preparedness Level 3 

## National Fire Activity

Initial attack activity:
New large incidents:
Large fires contained:
Uncontained large fires:**
Light (192) new fires
16

Area Command Teams Committed: 0
NIMOs committed:
Type 1 IMTs committed:
Type 2 IMTs committed:
**Uncontained large fires only include fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.

| Active Incident Resource Summary |  |  |  |  |  |  |

## Great Basin (PL 4)

New fires:15

New large incidents: 7
Uncontained large fires:14

Type 1 IMTs committed: 1
Type 2 IMTs committed: 3

* Potosi, Humboldt-Toiyabe NF. Twenty-eight miles southwest of Las Vegas, NV. Brush, tall grass and timber. Extreme fire behavior with torching, running and spotting. Structures threatened.

Dry Gulch, Elko District Office, BLM. IMT 2 (Rohrer). Twenty-three miles southeast of Jackpot, NV. Brush, tall grass and timber. Active fire behavior with running and single tree torching. Structures threatened. Sagegrouse habitat threatened.

Brianhead, Southwest Area, Utah DOF. Transfer of command from IMT 1 (Martin) to IMT 2 (DeMasters) will occur tomorrow. One mile north of Brian Head, UT. Timber and hardwood litter. Active fire behavior with wind driven runs, group torching and flanking. Numerous residences threatened. Evacuations, road, area and trail closures in effect. Sage-grouse habitat threatened.

Earthstone, Sparks Fire Department. IMT 2 (Chadwick). IMT is also managing the Truckee and Winnemucca Ranch fires. Started on private land five miles northeast of Sparks, NV. Brush and short grass. Minimal fire behavior. Structures threatened.

Winnemucca Ranch, Truckee Meadows Fire Protection District. Started on private land 15 miles north of Reno, NV. Brush and short grass. Minimal fire behavior. Numerous structures threatened.

Truckee, Truckee Meadows Fire Protection District. Started on private land 10 miles north of Fernley, NV. Brush and short grass. Minimal fire behavior.

* White Horse, Elko District Office, BLM. Thirty-two miles southwest of Wendover, NV. Brush, tall grass and timber. Extreme fire behavior with running, single tree torching and wind driven runs. Sage-grouse habitat threatened.
* HD Summit, Northern Region, Nevada Division of Forestry. Twenty miles north of Wells, NV. Brush and short grass. Extreme fire behavior with wind driven runs. Structures threatened. Sage-grouse habitat threatened.

Limerick, Winnemucca District, BLM. Twelve miles northeast of Lovelock, NV. Timber, brush, and tall grass. Minimal fire behavior. Residences threatened. Sage-grouse habitat threatened. Reduction in acreage due to more accurate mapping.

* Trapper Creek, Sawtooth NF. Eight miles southwest of Oakley, ID. Hardwood litter, brush and short grass. Moderate fire behavior with isolated torching and smoldering. Sage-grouse habitat threatened.

Tar Creek, Humboldt-Toiyabe NF. Eleven miles southeast of Austin, NV. Timber and brush. Minimal fire behavior. Precipitation occurred over the fire area yesterday.

* Valley, Bear River Area, Utah DOF. Twenty-five miles southwest of Snowville, UT. Brush and tall grass. Active fire behavior with running, backing and smoldering. Residences threatened.
* Flower Pass, Elko District Office, BLM. Twenty-seven miles west of Wendover, NV. Brush, short grass and timber. Moderate fire behavior with creeping and single tree torching.
* Chase Spring, Elko District Office, BLM. Twenty-five miles southeast of Wells, NV. Brush and tall grass. Moderate fire behavior with wind driven runs and single tree torching.

Predictive Services Discussion: Hot, dry conditions will continue across the West as the ridge of high pressure strengthens increasing its reach across the entirety of western North America and into Siberia. Afternoon high temperatures will be approximately 15-20 degrees above normal. Monsoonal convection across the Southwest, Central and Northern Rockies will become more significant wit scattered wet and dry storms expected. Further west, isolated dry storms will be possible across Idaho and eastern portions of the Pacific Northwest. Across the East, near normal conditions are expected as a loose westerly flow continues over the region. In Alaska, convective activity will be limited mainly to the higher terrain near the Alaska, Chugatch and Wrangell-St. Elias Mountain ranges.

## How to Avoid a Fuel Geyser

Felling Safety Category
Follow these instructions when a Stihl saw is running poorly and "vapor lock" is suspected.
*DO NOT remove the cap it won't fix the problem!*
The following restart process should be started immediately. Saws are air cooled and continue to build heat when not running.

1. Check Fuel Level via the Transparent Tank

If tank is over $1 / 2$ full DO NOT remove the cap.
2. Close Choke

Pull starter rope until saw fires, or up to 20 times maximum.
3. Once Saw Fires

Place choke lever in starting position.

Pressure
4. Pull Starter Rope Until Saw Runs, or up to $\mathbf{1 0}$ Times Maximum
5. If Saw Does Not Start

Discontinue use. Let saw cool completely. DO NOT remove the cap.
6. Once Saw is Cool, Start this Process Over.

| Key Points |  |  |
| :---: | :---: | :---: |
| A "hot" saw with a tank <br> half or more full could <br> geyser. Check fuel level <br> before removing cap. | Newer Stihl saws <br> (MS460/461) w/1/4 turn <br> fuel caps are more prone <br> to geyser. | Always assume fuel <br> tanks and fuel containers <br> are pressurized. |
| Move away >20' from <br> open flame before <br> opening cap. | Open cap slowly and cover <br> to contain potential spray. | Saws take a considerable <br> amount of time to cool <br> to a safe level. |

For more information or to report a fuel geyser go to the Fuel Geyser Awareness website.

> http://bit.ly/fuelgeyser home

[^0]:    * Witten, Northern Cheyenne Agency, BIA. Eighteen miles south of Lame Deer, MT. Timber, brush and short grass. Extreme fire behavior with group torching, short-range spotting and wind driven runs.
