# National Interagency Coordination Center Incident Management Situation Report <br> Friday, September 22, 2017 - 0530 MT <br> National Preparedness Level 4 

National Fire Activity
Initial attack activity:
New large incidents:
Light (84) new fires
Large fires contained:
2
Uncontained large fires:**
2
23
NIMOs committed: 2
Type 1 IMTs committed:
5
Type 2 IMTs committed:
18
**Uncontained large fires include only fires being managed under a full suppression strategy.
Link to Geographic Area daily reports.

Two hundred and forty-five soldiers from the $23^{\text {rd }}$ Brigade Engineer Battalion and 1-23 Infantry Battalion based out of Fort Lewis, Washington are deployed in support of the Umpqua North Complex.

## Northwest Area (PL 4)

| New fires: | 2 |
| :--- | :---: |
| New large incidents: | 0 |
| Uncontained large fires: | 15 |
| NIMOs Committed: | 1 |
| Type 1 IMTs committed: | 5 |
| Type 2 IMTs committed: | 6 |

Eagle Creek, Columbia River Gorge National Scenic Area. IMT 1 (Pierson). One mile south of Cascade Locks, OR. Timber. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Diamond Creek, Okanogan - Wenatchee NF. NIMO (Houseman). Twenty-seven miles north of Winthrop, WA. Timber. Minimal fire behavior. Road, trail and area closures in effect.

Chetco Bar, Rogue River - Siskiyou NF. Transfer of command from IMT 1 (Lund) to IMT 1 (Schulte) will occur tomorrow. Sixteen miles west of Selma, OR. Timber and brush. No new information.

Norse Peak, Okanogan - Wenatchee NF. Transfer of command from IMT 1 (Livingston) back to the local unit will occur tomorrow. IMT is also managing the Sawmill Creek fire. Eleven miles west of Cliffdell, WA. Timber. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Sawmill Creek, South Puget Sound Region, Washington DNR. Twenty-five miles west of Cle Elum, WA. Timber. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Whitewater, Willamette NF. IMT 2 (Rabe). Ten miles east of Idanha, OR. Timber and brush. Minimal fire behavior. Structures threatened. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Horse Creek Complex, (4 fires), Willamette NF. IMT 1 (T. Kurth). IMT is also managing the Rebel fire. Seven miles south of Belknap Springs, OR. Timber. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Rebel, Willamette NF. Twenty-two miles north of Oakridge, OR. Timber. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

Umpqua North Complex, (6 fires), Umpqua NF. IMT 2 (Rohrer). Fifty miles east of Roseburg, OR. Timber, brush and grass. Minimal fire behavior. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

High Cascades Complex, (5 fires), Rogue River - Siskiyou NF. IMT 2 (Roide) and IMT 2 (Sheldon). Nine miles northeast of Prospect, OR. Timber. Minimal fire behavior. Structures threatened. Road, trail and area closures in effect. Precipitation occurred over the fire area yesterday. Reduction in acreage due to more accurate mapping.

Jones, Willamette NF. IMT 2 (Knerr). IMT is also managing the Kelsey Creek fire. Ten miles northeast of Lowell, OR. Timber and grass. Minimal fire behavior. Structures threatened. Area closures in effect. Precipitation occurred over the fire area yesterday. Reduction in acreage due to more accurate mapping.

Kelsey Creek, Willamette NF. Eleven miles east of Oakridge, OR. Timber. Minimal fire behavior. Area closures in effect. Precipitation occurred over the fire area yesterday.

Miller Complex, (4 fires), Rogue River - Siskiyou NF. Transfer of command from IMT 2 (Goff) back to the local unit will occur today. Seventeen miles east of Cave Junction, OR. Timber. Minimal fire behavior. Road, trail
and area closures in effect. Precipitation occurred over the fire area yesterday. Last report unless significant activity occurs.

Desolation, Ochoco NF. Twenty miles northeast of Prineville, OR. Timber and brush. Moderate fire behavior with flanking and backing. Structures threatened. Road, trail and area closures in effect.

Milli, Deschutes NF. Nine miles west of Sisters, OR. Timber. Minimal fire behavior. Residences threatened. Trail and area closures in effect.

Horse Prairie, Central Unit, Oregon Department of Forestry. Fifteen miles northwest of Canyonville, OR. Timber. Minimal fire behavior. Road and area closures in effect.

Jolly Mountain, Okanogan - Wenatchee NF. Thirteen miles northwest of Cle Elum, WA. Timber. Minimal fire behavior. Structures threatened. Evacuations, road, trail and area closures in effect. Precipitation occurred over the fire area yesterday.

*** Changes in some agency YTD acres reflect more accurate mapping or reporting adjustments.
***Additional wildfire information is available through the Geographic Areas at http://gacc.nifc.gov/

Predictive Services Discussion: The large, cold and wet, low pressure system located over southwestern Canada and the northwestern states will remain firmly entrenched over the West. The pre-existing pattern of widespread wetting valley rainfall and mountain snow will continue to push fuel conditions away from being critically dry. Temperatures will be 15-20 degrees below normal. The previous days' windy conditions will subside as the upper level jet stream becomes refocused over the Great Plains. Warm and dry conditions will continue across much of the East, but eyes will be on a greatly weakened Jose and a still potent Hurricane Maria as she begins to move north from the Bahamas potentially pushing Jose toward the coast.

# Roadside Incident Response 

Vehicles/Roads Category

Nationally, the number of injuries and fatalities among emergency responders who are responding to roadside incidents is increasing at an increasing rate. Although most wildland fires occur in remote areas, there are situations where wildland fire personnel are responding to fires along rural country roads, jeep roads, or major highways; the risk still exists for our firefighters. Below is a checklist of considerations that should be utilized when responding to fires and other incidents along roadsides:

- Considerations
- Firefighter and public safety will always be the number one priority.
- Utilize L.C.E.S. in all incident activities.
- Personal Protective Equipment will be used on all incidents.

## - Upon Arrival at the Scene

Size up incident- see Incident Response Pocket Guide

- What has happened?
- What is happening?
- What will or could happen?
- Is this a HazMat situation?

## Risk Management Process-

- Decision Point, Go No Go. See the Incident Response Pocket Guide, page 1

## Tactical Considerations

- Anytime traffic flow is affected by the incident, contact the jurisdictional law enforcement agency for assistance.
- Conduct all operations as far from traffic lanes as possible to provide for crew and public safety.
- Park units on the same side of the roadway whenever possible to avoid traffic congestion.
- Personnel do not exit the fire apparatus until instructed to do so by the module leader.
- Exit the fire apparatus away from the roadway or where hazard exposure is minimized.
- Exit the fire apparatus with full personal protective equipment.
- Post a lookout to watch for and control oncoming traffic.
- Utilize forward and rear spotters when visibility is impaired or road conditions warrant.
- Utilize and place road flares or other traffic warning signs whenever possible
- If equipment needs to be removed from the traffic side of the apparatus, one person will retrieve the equipment and a lookout will watch for oncoming traffic.
- Engine operators will operate pumps from the non-traffic side or from the cab of the apparatus when possible. Keep all hose, fire tools, and equipment out of traffic lanes when possible.
- During night operations utilize reflective clothing, vests and other safety equipment as necessary.
- All emergency responses on roadways will be concluded as quickly as possible to reduce personnel exposure.
- Cancel or demob unnecessary apparatus as soon as possible.
- ** Each agency emergency vehicle operator will follow their particular state laws and agency policies governing the operations of emergency vehicles.
