Alaska Area (PL 4)

| New fires: | 3 |
| :--- | :--- |
| New large incidents: | 2 |
| Uncontained large fires: | 0 |
| Type 1 IMTs committed: | 2 |
| Type 2 IMTs committed: | 4 |

Clear, Fairbanks Area, Alaska DOF. IMT 1 (NR Team 1). Ten miles northwest of Anderson, AK. Timber, hardwood litter and closed timber litter. Minimal fire behavior with creeping and smoldering. Numerous residences threatened. Evacuations in effect. Precipitation occurred over the fire area yesterday.

Minto Lakes, Fairbanks Area, Alaska DOF. IMT 1 (CA Team 1). Twenty miles southeast of Minto, AK. Timber and light logging slash. No new information.

Bean Complex (4 fires), Tanana Zone, BLM. IMT 2 (NR Team 4). Started on state land 100 miles west of Fairbanks, AK. Timber and short grass. Minimal fire behavior with creeping and smoldering. Numerous structures threatened. Precipitation occurred over the fire area yesterday.

Middle Tanana Complex (8 fires), Delta Area, Alaska DOF. Transfer of command from IMT 2 (NR Team 3) back to the local unit will occur today. Thirty-two miles northeast of Delta Junction, AK. Timber and brush. Minimal fire behavior with smoldering. Structures threatened.

Dalton Highway Complex (6 fires), Tanana Zone, BLM. IMT 2 (CA Team 14). Seventy-seven miles northwest of Beaver, AK. Timber and short grass. Minimal fire behavior with creeping, single tree torching and backing. Energy infrastructure threatened. Precipitation occurred over the fire area yesterday.

Lime Complex (14 fires), Southwest Area, Alaska DOF. IMT 2 (NW Team 9). Fifty miles east of Chuathbaluk, AK. Short grass, timber and brush. Minimal fire behavior with smoldering and creeping. Structures threatened. Precipitation occurred over the fire area yesterday.

* Minnkohwin, Tanana Zone, BLM. Started on FWS land 18 miles southeast of Allakaket, AK. Timber. Minimal fire behavior. Last narrative report unless significant activity occurs.
* Little Mud, Tanana Zone, BLM. Started on Native Corporation land 56 miles southwest of Tanana, AK. Timber. Minimal fire behavior. Last narrative report unless significant activity occurs.

Predictive Services Discussion: Elevated to critical west to southwest winds will develop across the northern Great Basin amid relative humidity of $7-15 \%$. Very strong west winds of $30-40 \mathrm{mph}$ with gusts 50-70 mph will develop across much of Montana as well. Scattered mainly dry thunderstorms are expected to develop tonight across eastern Washington, the Idaho Panhandle, and western Montana ahead of an upper trough. Scattered monsoonal thunderstorms will continue across eastern Arizona, New Mexico, and the Colorado Rockies while scattered wet thunderstorms develop ahead of a cold front from the Mid-Mississippi Valley through the Appalachians into the Northeast. Below normal temperatures will continue across Alaska with rain likely for most areas south of the Brooks Range, with the heaviest rain across south-central Alaska.

Responding To Vehicle Fires
Vehicles/Roads Category

Suppression of vehicle fires is extremely dangerous and poses many health and safety hazards to firefighters. The following procedures are recommended:

- Wear a high-visibility reflective vest or other high-visibility clothing.
- Secure the scene and provide or request assistance for traffic control.
- Park your vehicle to provide a protective barricade for you and your crew. Position it so that an inattentive or drunk driver will hit your vehicle and not your crew. Your vehicle is expendable; you are not.
- Provide for your escape route at the scene.
- Do not use road flares if fuel is leaking from the vehicle.
- Do not breathe any smoke. Smoke from vehicle fires contains toxic chemicals that will kill you.
- Vehicle fires are considered a hazardous materials scene. Suppression action should only be taken if the crew is trained, equipped, and authorized in the use of Self-Contained Breathing Apparatus (SCBA).
- If taking suppression action on wildland fuels, firefighters should ensure that they are a safe distance from the burning vehicle ( 100 feet minimum), and avoid contact with vehicle fire smoke or fumes.
