

**National Interagency Coordination Center
Incident Management Situation Report
Tuesday, August 23, 2022 – 0730 MDT
National Preparedness Level 3**

National Fire Activity:

Initial attack activity:	Light (147 fires)
New large incidents:	2
Large fires contained:	6
Uncontained large fires: **	20
Area Command teams committed:	0
NIMOs committed:	1
Type 1 IMTs committed:	2
Type 2 IMTs committed:	6
***Complex IMTs committed:	0

***Complex Incident Management Teams (CIMTs) are configured to respond to large, complex fires and can expand and reduce staffing in all functional areas as necessary to meet the needs of the incident.

Nationally, there are 29 fires being managed under a strategy other than full suppression.

**Uncontained large fires include only fires being managed under a full suppression strategy.

[Link](#) to Geographic Area daily reports.

[Link](#) to Understanding the IMSR.

One RC-26 aircraft with Distributed Real-Time Infrared (DRTI) capability and support personnel from the 141st Air Refueling Wing (Washington Air National Guard) have been deployed to Boise, ID. One RC-26 aircraft with Distributed Real-Time Infrared (DRTI) capability and support personnel from the 162nd Operations Group (Arizona Air National Guard) have been deployed to Eugene, OR in support of wildland fire operations.

One Boeing 737 airtanker from New South Wales, Australia is supporting fire suppression efforts in the western United States.

Northwest Area (PL 3)

New fires:	53
New large incidents:	0
Uncontained large fires:	8
Type 1 IMTs committed:	1
Type 2 IMTs committed:	3

White River, Okanogan-Wenatchee NF, USFS. IMT 2 (NW Team 7). IMT is also managing the Irving Peak fire. Twenty-three miles northwest of Leavenworth, WA. Timber. Active fire behavior with flanking, backing and isolated torching. Numerous structures threatened. Evacuations, area, road and trail closures in effect.

Irving Peak, Okanogan-Wenatchee NF, USFS. Twenty-six miles northwest of Leavenworth, WA. Timber. Active fire behavior with flanking, backing and isolated torching. Structures threatened. Evacuations, area, road and trail closures in effect.

Windigo, Umpqua NF, USFS. IMT 2 (NW Team 10). IMT is also managing the Potter and Big Swamp fires. Twenty miles southwest of La Pine, OR. Closed timber litter, timber and medium slash. Minimal fire behavior with creeping and smoldering. Area, road and trail closures in effect.

Potter, Willamette NF, USFS. Forty-six miles southwest of La Pine, OR. Closed timber litter, timber and medium slash. Moderate fire behavior with wind-driven runs, single tree torching and spotting. Area, road and trail closures in effect.

Big Swamp, Willamette NF, USFS. Thirty-seven miles southwest of La Pine, OR. Closed timber litter, timber and medium slash. Minimal fire behavior with creeping and isolated torching. Area, road and trail closures in effect.

Cedar Creek, Willamette NF, USFS. IMT 1 (PNW Team 3). Fifteen miles east of Oakridge, OR. Timber and closed timber litter. Active fire behavior with flanking, creeping and torching. Structures threatened. Area, road and trail closures in effect.

Rum Creek, Medford District, BLM. IMT2 (NW Team 13). Twelve miles northwest of Hugo, OR. Timber and closed timber litter. Active fire behavior with flanking, backing and single tree torching. Structures threatened. Area and trail closures in effect. Reduction in acreage due to more accurate mapping.

Hat Top, Vale District, BLM. Thirteen miles southeast of Juntura, OR. Brush and short grass. Minimal fire behavior with smoldering.

Predictive Services Discussion: Drier air will move into much of inland Oregon, northeast California, and much of the northern Great Basin with relative humidity of 5-18%. West to southwest winds will be lighter at 10-15 mph with gusts to 25 mph, but locally elevated conditions are possible where terrain enhances the wind. Temperatures will continue to be above normal for the Inland Northwest, northern California, and northern Great Basin as well. Isolated mixed wet and dry thunderstorms are likely from north-central Washington through the Idaho Panhandle into northwest Montana. Scattered mainly wet thunderstorms are expected across central and eastern Montana with isolated thunderstorms into the Dakotas and northern Minnesota. Another day of hot, dry, and breezy conditions are expected for portions of the central and northern Plains. Isolated to scattered monsoon thunderstorms are forecast across the Southwest and Colorado Rockies. Showers and thunderstorms will develop across much of central and south Texas into the Lower Mississippi Valley with locally heavy rain. Scattered showers and thunderstorms are likely across much of the Northeast, with scattered wet thunderstorms along the Southeast Coast into Florida and the northern Gulf Coast.

Communications (LCES) *Fire Communication Category*

Effective communication is a critical component of safe and successful operations.

Discuss the factors that can affect radio communication at the incident.

- Knowledge of the radio issued to the individuals.
- Net control, frequencies.
- Line-of-sight restrictions.
- Antenna polarization effect (direction of the antenna).
- Minimizing noise interference.
- Wide band vs. narrow band.
- Potentially unfamiliar local jargon (e.g., Coulee, candlestick, fence post, etc.).

How can you mitigate potential problems?

- Implement effective communication procedures—be brief, use clear text and to-the-point messages.
- Give a good comprehensive briefing. (Refer to the Briefing Checklist inside the back cover of the Incident Response Pocket Guide (IRPG), PMS 461).
- Confirm that relayed information is received and understood.
- Keep a continuous information flow (e.g., updates on weather, fire behavior, work progress; changes in strategy/tactics; arrival of additional resources; and solicitation of feedback).
- Establish emergency check-in procedures.
- Provide a minimum of four radios per 20-person firefighter crew.

The Five Communication Responsibilities for all firefighters:

- Brief others as needed.
- Debrief your actions.
- Communicate hazards to others.
- Acknowledge messages.
- Ask if you don't know.
